

WEST DEMANDS GRAND JURY ACTION

Executed

A 12-year-old threat by a former friend to "wipe out the whole Waite family" was recalled by her son after the body of Mrs. Lena Waite, below, 59, was found bound in her home at Elmont, L. I., where she had been shot to death. In another room the body of Jeanne Schueller, 18, was found. Like her friend she had been bound hand and foot with a silk stocking and executed by a shot through the temple.

CALIFORNIA AGAIN IN PATH OF STORM

SAN FRANCISCO, Jan. 17.—(UP)—Storm warnings were posted today along the California coast north of Fort Bragg, Mendocino county, and on the Oregon and Washington seaboard as a new storm moved in from the Pacific ocean.

The disturbance will bring further rains to California, the U. S. weather bureau forecast. The center of the storm was about 300 miles west of Oregon.

Sunday's rain was heaviest in the upper Sacramento valley. Redding reported 2.9 inches during a 24-hour period. San Francisco recorded .36, Sacramento .24, Eureka .70 and Fresno .19.

Heavy snows fell in the Sierra Nevada, where skiing and other winter sports' conditions were ideal.

ENGLAND IS SWEEPED BY VIOLENT STORM

LONDON, Jan. 17.—(UP)—A violent storm which swept the British Isles for two days raged unabated today taking a death toll of 12. Eight persons died at sea. Twenty-five persons were missing aboard the 1,525-ton coasting ship Glenhyrd en route to Manchester from Newport with a cargo of coal.

Authorities feared the vessel had gone down as two of her lifeboats were washed ashore.

The auxiliary oiler Warbahadur was having difficulty battling the heavy seas with a broken rudder 150 miles west of the English Channel. She was being steered by her engines and making about five knots.

BURNS PROVE FATAL

YUBA CITY, Cal., Jan. 17.—(UP)—Ruben Ellis was burned to death and Charles Smith suffered severe burns when fire destroyed their cabin here last night.

The two men, old-age pensioners, lived alone. Ellis, asleep when the fire started, was burned beyond recognition. Hospital attendants said Smith's condition was critical.

SHIP SENDS S. O. S.

MANILA, P. I., Jan. 17.—(UP)—The Radio Corporation of America announced today it intercepted a distress signal from the Italian Steamer Ischia, described in Lloyd's shipping register as a vessel of 2,470 tons.

The craft, whose home port is Genoa, said it was in immediate need of aid. The Ischia was between Manila and Hong Kong.

Chautemps To Form New Cabinet

SOCIALIST LEADER TO NAME GROUP

PARIS, Jan. 17.—(UP)—Camille Chautemps, Radical Socialist leader, agreed today to try to form a cabinet and end a three day political crisis precipitated when he and his popular front ministry resigned Friday morning.

Chautemps announced that he would seek a cabinet based on his popular front but with the inclusion of men of "good will" of opposition parties—a national front government—and that if he succeeded he would submit to parliament an agreement for a political truce.

Leon Blum, Socialist leader abandoned his effort to form a ministry which would reach beyond the popular front and include Centrists and Rightists.

Chautemps had refused on Saturday to try to re-form his ministry. But President Albert Lebrun called him again when Blum failed and Edouard Daladier, minister of defense in Chautemps' cabinet, announced that Chautemps had agreed to try.

BIG NAVY BILL WINS APPROVAL

WASHINGTON, Jan. 17.—(UP)—The house reported a \$553,266,494 navy department supply bill for the 1939 fiscal year, including funds for construction of two new super-dreadnaughts and 20 other warships.

The appropriation was \$26,723,156 over navy funds for the current fiscal year, but \$11,139,967 under requests of the budget bureau.

The supply bill is expected to be followed this week by a supplementary message from President Roosevelt, requesting authorization beyond the \$553,266,494 figure to carry out a program to make American fleets second to none afloat.

Speaker William B. Bankhead said after a conference with President Roosevelt that the special message on naval expansion "will go up after we have disposed of the regular navy appropriations bill." This would make it near the end of the week.

The house will begin considering the measure tomorrow if the treasury-post office supply bill is disposed of today.

The bill carries \$138,063,150 for construction of naval vessels—\$9,637,000 less than was requested. However, with continuing funds \$132,426,150 would be available for ship-building in fiscal 1939.

As drafted by the appropriations navy sub-committee, the bill would make available \$132,426,150 to begin construction of two battleships with a completed cost of \$70,850,300 each, two cruisers to cost \$22,288,300, eight destroyers, six submarines, a minesweeper, a submarine tender, a fleet tug and an oiler.

The bill also provides \$119,641,050 to carry forward construction of the battleships North Carolina and Washington, which already have been laid down three aircraft carriers, eight cruisers, 43 destroyers.

BOMB VICTIM IN FIGHT FOR LIFE

LOS ANGELES, Jan. 17.—(UP)—Harry Raymond, vice investigator or whose auto was bombed, ignored authorities today, preferring to await recovery from his critical injuries and track down the bombers himself.

Raymond, reported "holding his own" at Georgia Street police hospital, was unable or unwilling to talk with Chief of Police Detective Joe Taylor. District Attorney Burton Pitts, also calling at his bedside, likewise was rebuffed. They said no further visits would be made until Raymond becomes stronger.

Meantime A. Brigham Rose, lawyer for a citizens vice investigating committee, had better luck. He conferred several times with Raymond and said the wounded detective could identify the would-be assassins. Raymond told him, Rose said, he would "blow off the city hall tower" with evidence he has collected.

JOHN, COKE BRITE GRANTED REPRIEVES

SACRAMENTO, Cal., Jan. 17.—(UP)—John and Coke Brite, convicted of three slayings and scheduled to be the last men to die on the gallows in California, today were granted a 3-month reprieve extending their execution until April 15.

They were scheduled to die Jan. 21 but Gov. Frank F. Merriam postponed their deaths at the request of the state advisory prison board and the state bureau of identification to permit "sufficient time in which to complete investigations and considerations by various state authorities."

Tustin Man In \$100,000 Damage Suit

The retort of C. E. Boyden, "special edition" salesman, to the slander charges made against him in Tustin justice court last week by his former associate, G. W. Bowles, was a \$100,000 damage suit and petition for an injunction, filed today in superior court.

The damage claim is based on the slander prosecution, which now is pending. Boyden further asks the injunction, to prevent Bowles from using articles which Boyden claims to own, and which he asserts Bowles has been wrongfully using in special editions which he has been sponsoring for various weekly newspapers.

Statements Denied

As for Bowles' claim of slander, Boyden denies such statements, but admits he warned certain publishers against Bowles, such as telling them they would have trouble collecting from Bowles. He further asserts that Bowles left an un-

MEXICAN LABOR GROUPS BATTLE

MEXICO CITY, Jan. 17.—(UP)—Six persons were reported killed today in a clash between members of the two largest Mexican labor organizations in the state of Vera Cruz, which was virtually paralyzed by a 24 hours general strike.

The strike was called by the CTM, Confederation of Mexican Workers, as a protest against the government's ruling giving the CROM, regional federation of Mexican workers, the right to represent the Cocolapan textile plant at Orizaba, where disorders were reported today.

Port Paralyzed

The port of Vera Cruz was reported paralyzed by the strike which shut down restaurants, curtailed all food supplies, interrupted electric and water services and stopped many forms of transportation.

Members of the CTM carrying red banners went about the city closing all establishments.

Tourists and visitors could not obtain meals. The night train from Mexico City was permitted to operate but all other railway activity was being curtailed. Milk was at a premium and the hospitals had only a small supply.

BOARD BANS PAROLE FOR SEX OFFENDERS

SACRAMENTO, Cal., Jan. 17.—(UP)—Paroles for persons convicted of six offenses against children and sentenced to life terms were banned today under a new policy announced by the state board of prison terms and paroles.

Reporting to Gov. Frank F. Merriam, the board pointed out the penalty for lewd and lascivious acts against children was increased to a maximum of life imprisonment under a law passed by the legislature. Attorney General U. S. Webb has said the board is not required to fix a definite term for such offenses where the maximum sentence has been imposed.

Under the ruling, when a definite term has not been set the maximum sentence must be served and hereafter no terms will be designated for sex offenders, the board reported. Paroles may be granted in exceptional cases, however, if the board feels the maximum sentence was not justified.

MOVIE EXTRAS DRAW 3 MILLION IN 1937

HOLLYWOOD, Jan. 17.—(UP)—Hollywood's motion picture extra players, who furnish background for the stars, were paid nearly \$3,000,000 during the past year, it was revealed today.

Central Casting Bureau, which classifies the extras and can furnish a dozen plump English squires or a crew of cow-owners on short notice, reported that 294,307 extras were employed during 1937.

They were paid a total of \$2,986,372, of a daily wage of \$10.03.

As Disaster Struck Again in Mine Where 182 Died

Luckily most of the 600 men employed in the Harwick Mine at Springdale, Pa., were idle, only 46 foremen and repairmen being underground when an explosion two miles from the shaft killed ten and injured two seriously. One of the victims is shown being carried from the mine, in which 182 men were killed in 1904.

Japanese Sever Diplomatic Ties With China; Ambassador Recalled

HERE'S ONE DOG THAT MADE NEWS—HE RAN OVER A CAR

T. Jefferson Benson, otherwise known as "Jeff," 150-pound dean of the Laguna Beach dog colony, last Friday settled a question which often has been discussed in various forms in cigar stores and elsewhere: "What would happen in case a car hit Jeff?"

Well, here's what happened at a tender was crumpled and loosened; and the driver was scared almost into convulsions. As to Jeff: "Not a mark, not a bruise; but his feeling ruffled, because on account of Plutarch escaped. So: "Dog Runs over Auto," which is news in any country.

T. Jefferson Benson — alias "Jeff" — enjoys other distinctions; at one of last year's elections, some wags wrote in three votes for him, which ballots, being in due form, were, perforce, counted, bringing Jeff into the political arena. He bears his honors lightly.

Similar moves have been made almost every year but leaders were more hopeful of success because of the nationalistic atmosphere which has been created by the conflict in China.

In connection with the diplomatic situation, a foreign office spokesman hinted that "Chinese authorities residing in Japan" might soon "desire" to leave.

"Invitation"

This was taken as an indirect invitation to Chinese Ambassador Hsu Shih-Ying to ask for his passport spontaneously, without making it necessary for the Japanese government to dismiss him.

Army and navy authorities started a campaign of "spiritual mobilization" to rouse the entire nation to support of the government.

Comment indicated that Japan had made its last gesture to the present Chinese government and from now on would seek only to crush it and impose a peace which was "intractable." Chinese could be persuaded to accept.

As regards the many ordinary Chinese resident in Japan, the spokesman said there was no intention of expelling them.

Suggest U. S. Buy 7 Million Autos

DETROIT, Jan. 17.—(UP)—The automobile industry today awaited reaction from Washington to a proposal that the government buy and scrap 7,000,000 used cars to open the way for new sales.

The plan was suggested by Ward's Automotive Reports letter to President Roosevelt, Secretary of Commerce Daniel C. Roper, Sen. James F. Byrnes, chairman of the unemployment investigating committee and Senators Arthur H. Vandenberg and Prentiss M. Brown of Michigan.

Ward suggested that the used cars, which they estimated could be purchased for an average of \$30 each, be used as scrap metal in the 1938 armaments program.

SEAMEN MEET FOR UNITY CONFERENCE

SAN FRANCISCO, Jan. 17.—(UP)—Delegates representing an estimated 100,000 United States seamen today opened a national maritime unity conference from which they hoped to emerge with a single organization of all unlicensed seafaring men's unions affiliated with the Committee for Industrial Organization.

Simultaneously, delegates from every seaboard section of the country, representing 8000 licensed engine room officers, opened the 32nd annual convention of the Marine Engineers' Beneficial Association, one of the oldest trade unions in America and an affiliate of the C. I. O.

Although the two conventions were held separately, possible interchange of programs and policies was considered likely.

Long Fast Is Explained By Dean Noe

MEMPHIS, Tenn., Jan. 17.—(UP)—The Very Rev. Israel Harding Noe, who entered his 16th day without food or water today in an attempt to prove that man can be immortal, leaned across a desk and said he was not the same man he was a year ago.

A different man he was, he said, and on a different plane from the rest of us. He lives on a "spiritual plane." Only the name Israel Harding Noe, binds his past to his present, for he believes fasting has changed him mentally, physically and spiritually. He thinks this change is likely to go on and that each passing hour burns away impurities and "refines the pure gold of character." He plans that this process shall continue until some vague tomorrow when he will have proved that miracles can and do happen, that the spirit can sustain the body, unaided by food or drink.

Meanwhile?

"I Look Ghostly"

"Well," Dean Noe said, "I look ghostly."

JUSTICE GIVES LAST DECISION

WASHINGTON, Jan. 17.—(UP)—Retiring Justice George Sutherland today delivered his final Supreme Court opinion. Sitting before the court as Sutherland spoke was Solicitor-General Stanley Reed, nominated by President Roosevelt to succeed Sutherland.

For both Sutherland and Reed today's court session was expected to be the last in their present roles.

Tomorrow Sutherland's retirement becomes effective. Before the court meets again two weeks hence is expected that Reed will have been confirmed to sit on the court and thus will next appear to take his oath of office.

Reed was present today in his office as U. S. Solicitor-General, the post in which he has argued most of the New Deal's leading cases before the tribunal. His only business, however, was to move the admission of two candidates to the bar.

Two Absent

Only six of Sutherlands colleagues were present for his final session. Justice Benjamin N. Cardozo is ill and Justice James C. McReynolds was absent for some unexplained cause.

The final opinion of Sutherland's 15-year career on the high bench was presented in a tax case involving the Minnesota Tea Co. Sutherland found for the government in the action which involved taxes on \$106,471 distributed to stockholders of Minnesota in 1928.

Sutherland criticized "meaningless and unnecessary" financial transactions of the firm and said they offered no reason for exemption from federal taxation.

WRIGHT'S \$30,000 TRIAL IS OPENED

Orley Wright's attempt to win \$30,000 heart balm from Harry Zimmer, former farm bureau official, for the alleged theft of Mrs. Wright's affections, was being made in court today before Superior Judge James L. Allen.

Wright, resident of Orange, charges that Zimmer, Anaheim rancher, alienated the affections of Mrs. Wright, aided her in obtaining a Reno divorce, and has since been living with her.

Zimmer's answer to the damage suit makes a complete denial of all Wright's charges.

Victim of Paint Fumes Recovering

LOS ANGELES, Jan. 17.—(UP)—A difficult rescue of a man overcome by paint fumes inside a water tank 100 feet above ground appeared to have been successful today.

W. J. Gonyea collapsed while painting the inside of the tank yesterday. His helper called police but a rescue could not be accomplished by the scanty rope the painters used in gaining entry to the tank. The Huntington Park fire department was called but its ladders were too short. A call was put in to the Los Angeles fire department and a hook-and-ladder truck with a long extension ladder was sent out. It reached the tank tower, and the men climbed up and lowered the unconscious man by rope and pulley.

Gonyea was recovering in a hospital today.

3 OFFICIALS ACCUSED BY SUPERVISOR

Appearing before the grand jury at 1:30 p. m. today Supervisor N. E. West said he demanded that that body start mandamus proceedings against Assessor James Sleeper, Auditor W. T. Lambert and Sheriff Logan Jackson, charging improper handling of public funds.

In a written statement West charged:

"Mr. Sleeper has received, according to report from the auditor's office, over \$4200 for alleged mileage which has never been itemized and therefore improperly paid by the auditor. The assessor has also sold assessors maps from June 1927 to about a year and a half ago, accepted the money and never turned the same into the auditor, according to the auditor's office, or for that matter not paid the Orange County Blue Print shop. This may have amounted to \$3000 to \$5000 during this time.

Charges Violation

"Mr. Lambert, according to his printed statement, paid out between \$6000 and \$7000 wage increases for the month of October, 1937. This is contrary to the authority of the county ordinance. Mr. Lambert knew that the majority of the board of supervisors expected the salary increase to apply only from

F. D. R. TO HOLD "MASS" PARLEY

WASHINGTON, Jan. 17.—(UP)—Government and business prepared today for the first mass conference of the economic recession in an atmosphere of uncertainty regarding President Roosevelt's plan to decentralize control over industry and finance. A presidential message to congress on business reform is due soon.

Fifty members of the business advisory council organized under commerce department auspices will meet with Mr. Roosevelt Jan. 19. There is an inclination here to minimize importance of this meeting on two grounds; first, that it will be too large to permit more than general discussion of economic problems, and second, that Mr. Roosevelt's unforeseen announcement that all holding companies must ultimately be liquidated has disturbed business.

The United States Chamber of Commerce complained cautiously against severity of administration strictures on business in a review of the week which said:

"The recent tendency to assail business and blame it for recession has not proved conducive to the cooperative spirit so essential to confidence and recovery. Scolding and name calling do not make for team play between business and government."

Mr. Roosevelt's conference with the business advisory council was scheduled some weeks prior to the opening of congress and does not tie in directly with recent developments of the New Deal-big business front, notably the slashing criticisms of business procedure and controls by Secretary of Interior Harold L. Ickes and Assistant Attorney General Robert H. Jackson.

LOTTERY CASE IS SLATED FOR TODAY

Arraignment of Orange county men indicted by the federal grand jury in connection with a huge Santa Anita sweepstakes lottery, which originally had been set for 10 a. m. today, was postponed until 2 p. m. today. U. S. Marshal Robert Clark announced in Los Angeles shortly after noon.

The indicted men include Santa Ana Police Chief Floyd W. Howard and Ernest Winbiger, Santa Ana mortician, who appeared Saturday in Los Angeles to accept service of the warrant charging them with violating the customs act and posted \$2000 bail. Among the others that took similar action were C. W. "Big Hutch" Hutchings, Balboa beer dealer and game operator, Henry W. McKague, former federal prohibition agent, and Howard Atcheson, of Santa Ana.

OIL SUIT MOVE AWAITS LAWYERS' PARLEY

CONFERENCE TO DECIDE IF NEW TRIAL IS ASKED

Whether the Eden road oil case will be carried to higher courts, or allowed to rest on the superior court decision of Judge B. F. Warner, given here Saturday, remained to be determined at a conference between Eden attorneys, Charles D. Swanner and L. W. Blodgett, it was learned today.

Judge Warner denied the Eden company's suit for \$1729 against the county, for road oil delivered under a 1936 contract. The county had refused payment for the oil on the ground that it failed to meet contract specifications, which called for not more than two per cent water and sediment. Tests of the oil had shown as high as 25 per cent, or more water and sediment.

Refuses County Plea

While denying the Eden claim, Judge Warner also refused to allow the county's cross-complaint for \$3317 damages to roads on which the Eden oil was used. The court stated that it was impossible to determine the extent of damage chargeable to the defective road oil.

Attorney Swanner stated today that he has not yet conferred with his associate, Attorney Blodgett, with respect to the matter of seeking a new trial, which would be preliminary to an appeal of the case if a new trial was refused. He did not indicate when such a conference would take place.

Attorney B. Z. McKinney, special counsel for the county in the case, expressed himself as well satisfied with the court's decision and said he had no intention of carrying the case further.

CALIFORNIA AGAIN IN PATH OF STORM

SAN FRANCISCO, Jan. 17.—(UP)—Storm warnings were posted today along the California coast north of Fort Bragg, Mendocino county, and on the Oregon and Washington seaboard as a new storm moved in from the Pacific ocean.

Cargo Transfer Row Halts Shipping At Seattle

A dispute over the manner of transferring cargo from this small freighter, the Border Prince, to another vessel, tied up the entire Seattle waterfront and halted shipping. Waterfront employers halted operations when union leaders demanded the Border Prince's cargo be lowered first to a wharf, then to another vessel, instead of directly from ship to ship.

SOCIALIST LEADER TO FORM CABINET

(Continued From Page 1)

Despite the crisis, the money market was reopened today after a three day holiday. The American dollar was quoted at 30.40 francs (3.239 cents a franc) and the British pound at 152 francs.

Blum's abandonment of his cabinet forming efforts was due to refusal of such Liberal-Centrists as Paul Reynaud, Francois Pietri and Pierre Etienne Flandin to serve under him as finance minister, and refusal of the Radical Socialists of the popular front to support any cabinet which did not give a pledge against control of foreign exchange.

President Lebrun hoped that Chautemps might form a national union cabinet, based mainly on the popular front but without participation of Communists.

Mentions New Candidate Chautemps faced a difficult job, and already Albert Sarraut was mentioned as the next candidate if he failed.

Radical Socialists, who with Communists and Socialists form the ruptured popular front, held firmly to two conditions—first that there should be monetary liberty, secondly that the government policy of non-intervention in Spain should be maintained.

The Right Wing newspaper Petit Parisien, in what popular front leaders interpreted as an effort to split Socialists and Communists, published today "a rumor, which it is to be hoped will be denied," that dictation from Russia" impelled Communists to undermine the Chautemps cabinet. The idea was, Petit Parisien alleged, to get rid of Chautemps and Yvon Delbos, foreign minister because they were considered unfavorable to extension of the French-Russian pact.

"As I recently began drafting a statute for social peace, now I hope to submit to parliament an agreement for political peace," Chautemps said.

Chautemps offered the key finance ministry portfolio to Paul Reynaud, Centrist, and said that he sought a cabinet which would include most of the men in his previous cabinet. He said he wanted Yvon Delbos to continue as foreign minister, despite Communist objection to him.

The Bourne responded firmly to Chautemps' selection. The franc was stronger. But at government request trading in futures on the money market was suspended.

Communists demanded that Chautemps form a purely popular front cabinet and indicated that they would not support him if he included Centrists in his cabinet.

One Killed, Many Hurt In Crashes

SAN DIEGO, Cal., Jan. 17.—(UP)—One woman was killed and nine persons were injured in a series of traffic accidents here over the week end, city, county and state police reported today.

Mrs. M. J. Hadden, 62, Inglewood, was fatally hurt when an automobile in which she was riding with her son, Phil, 28, crashed head-on into a machine driven by Jane Sutherland, 30, Los Angeles. Miss Sutherland, Hadden, and Miss L. E. Rich, 28, Long Beach, passenger, sustained minor hurts.

Long Fast Is Explained By Dean Noe

(Continued From Page 1)

MEMPHIS, Tenn., Jan. 17.—(UP)—The Very Rev. Israel Harding Noe, who entered his 16th day without food or water today in an attempt to prove that man can be immortal, leaned across a desk and said he was not the same man he was a year ago.

A different man he was, he said, and on a different plane from the rest of us. He lives on a "spiritual plane." Only the name Israel Harding Noe, binds his past to his present, for he believes fasting has changed him mentally, physically and spiritually.

He thinks this change is likely to go on and that each passing hour burns away impurities and "refines the pure gold of character." He plans that this process shall continue until some vague tomorrow when he will have proved that miracles can and do happen, that the spirit can sustain the body, unaided by food or drink.

Meanwhile,

"I Look Ghostly" "Well," Dean Noe said, "I look ghostly."

He does. Powerful, almost hypnotic, eyes burn steadily at you from a sunken, ashen face. Once he weighed 200 pounds; now he weighs 100 or less. An acquaintance encountered him in a barber shop the other day and didn't recognize him.

The dean sat in a tiny, dim room where the light came timidly through the curtains and put blackish splashes in the caverns of his face. Yesterday he preached a sermon, shook hands with his parishioners as they left the Episcopal Cathedral of St. Mary of which he is dean and celebrated Holy Communion, taking wine and a wafer. Despite that tiring day, he consented to an interview. Consented reluctantly because he does not seek publicity and thinks that no one—reporters, scientists, physicians or even fellow clergymen can glimpse the light that beckons him along the course he walks.

The inevitable question whenever a man begins a fast is: Is he sincere; is he taking nourishment unknown to other persons? Dean Noe answered:

"Nobody who has seen me can say I am taking food on the sly. I look ghostly. You can see that. The test is, will I be afraid? Will I be afraid and turn back? No, I know I won't. I've been through all of this. I worked it out potentially, but not actually. Now I have to experience it. I know I can do it. I want to say a word for my wife. She has never mentioned food to me. She has been co-operative."

Where does he get the strength that enables him to shake hands, with a firm, strong grip, with 600 people; to carry on the hundred duties that the priest of a large church must perform?

"It is like going through a fire," Dean Noe said, "the fire of Divine Love. Like Moses and the burning bush, the fire burns but does not consume. It only destroys impurities, refining the pure gold of the character. I am working toward a world philosophy. I can't go into that now, but it will cover everything."

Long Glide Ends Short of Airport

LOS ANGELES, Jan. 17.—(UP)—A young aviator glided his disabled plain six miles yesterday—and then lacked just 100 yards of a safe landing.

Douglas Graham, 23, was 4000 feet over the La Canada Valley when his motor quit. He flattened out desperately and coasted over the Verdugo Hills toward Grand Central airport. Just short of the airport he was unable to clear a telephone pole and crashed, but escaped injury by leaping clear.

NOTED ART STUDENT IS CALLED BY DEATH

SAN DIEGO, Cal., Jan. 17.—(UP)—Connoisseur of art and precious stones and last of a prominent German family, Baron Emil Claude De St. Andre Becker, 74, died here yesterday.

Exiled from his country and his property confiscated by the government, Baron Becker purchased a chateau, once owned by Francois Voltaire, near Paris.

His collection of paintings became famous through the world and eventually he became associated with Tiffany's of New York, traveling throughout the world to purchase stones.

PROMOTIONS APPROVED

WASHINGTON, Jan. 17.—(UP)—President Roosevelt today approved recommendations of a U. S. marine corps selection board for promotion of 12 majors to the rank of lieutenant colonel.

The board, which met on Jan. 3, also recommended that 13 marine corps majors be detained in that rank for the present year.

Three of the majors selected for promotion are on duty with the second marine brigade at Shanghai.

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

N. E. WEST DEMANDS GRAND JURY ACTION

(Continued From Page 1)

November on as was provided in the ordinance itself. Mr. Lambert also paid out over \$9000 for an addressograph machine in 1931 for which, according to the county clerk, and purchasing agent, no authorization was had from the board of supervisors. The purchase was allegedly made at the request of Mr. Sleeper.

"Logan Jackson, the sheriff, not only failed to make his report at the end of his first term, as required by law, but has failed and refused to turn into the county the monies received by him and as required by the County Salary Ordinance 375.

Illegally Retained "Estimated receipts for the months of November and December, 1937, which were illegally retained by the sheriff, is in the neighborhood of \$4000.

"According to the grand jury's oath of office you are obliged to seek recovery of any monies illegally paid out of the county's treasury. The above items, estimated in the neighborhood of \$25,000, improperly retained by county officials or paid out by them, and any other monies illegally retained or paid out by any other county officials, should be recovered through proper action and criminal action recommended if the complete investigation revealed criminal acts."

West, it was said, had sent word to the grand jury asking to be heard a second time. He had been summoned by that body at a hearing before Christmas. In response to his request today, the grand jury sent word that he could appear at 1:30 p. m.

A series of special sessions of the grand jury, including last Friday and today, following its usual Wednesday session, was accompanied by grapevine reports at the courthouse that the jury was considering a special action, presumably in connection with its investigation of charges made by Supervisor West against a group of county officials.

The officials, resenting newspaper charges, attributed to West, that they were misusing public funds, had demanded the grand jury investigation. It was understood that the inquiry extended to the official conduct of the supervisor himself.

The officials, Assessor James Sleeper, Treasurer T. E. Stephenson, Coroner Earl R. Abbey, Sheriff Logan Jackson and Auditor W. T. Lambert, testified before the grand jury last week.

The grand jury auditor was closeted with the jury for some time at this morning's session.

ers, 16 submarines, a seaplane tender and a destroyer tender.

The report, submitted by Chairman William B. Umstead, D., N. C., made no mention of the tense international situation or a world-wide naval building race.

"Since the enactment of the Vinson-Trammell act in 1934, congress has been pursuing the policy of building the navy up to the proportions contemplated by such act," the report said. "The projected accomplishment date has been the end of the fiscal year 1941."

"The pending budget, so far as disclosed by a committee's examination, looks to a continuation of that policy. Beyond providing for an earlier date of consummation, it could not, with the support of authorizing legislation, do otherwise, as the size of the establishment is determined by the combatant forces, and these, particularly as to ships, are definitely circumscribed by the Vinson-Trammell act."

The month of April was designated as "strawberry moon" by the Natchez Indians.

Killed for Gun Moll' Thrill

"We wanted to meet some gangsters and find out what it was like to be their molls like the girls in the movies," Genevieve Owens, left, and Mrs. Ethel Strouse Sohl, right, blandly explained their motive for the \$210 holdup of a bus in which the driver, William Barhorst, was killed at Belleville, N. J. They also confessed other holdups to get money to attend movies and dance halls in quest of gangster companions.

RAGAN'S PLIGHT HELD SERIOUS

While attending physicians express confidence in the recovery of John Ragan, Orange insurance man, badly burned in an explosion at the Buckley hotel, Coalinga, Wednesday, it was learned today. Mrs. Ragan, who has been with her husband since the accident, arrived in Orange yesterday afternoon and she will return north tomorrow morning.

Mrs. Ragan said her husband has third degree burns on his face, throat and the palms and backs of his hands. The muscles under the large toes on both feet are almost burned away and both feet are badly burned.

Ragan risked his life in an attempt to rescue Mrs. Martha Buckley, landlady of the Buckley hotel, Coalinga, where he and W. E. Clement, Orange, had put up for the night, when on a business trip. The landlady who was killed in the explosion, had entered the room to light a gas stove.

Ragan and Clement, both in bed, sprang to her rescue, the former carrying her from the room. Clement is still in the hospital, but not seriously burned.

NINE INJURED IN CAR MISHAPS OVER WEEKEND

Nine persons were injured in weekend accidents, one of which involved four cars, according to police.

The junction of Coast highway and Highway 39, east of Huntington Beach, was the scene of the four-car crash at 3 a. m. Sunday. V. M. Walker, 2425 Heliotrope drive, Santa Ana, assertedly missed a boulevard stop at the intersection and ran his car into a sand bank on the opposite side of Coast highway.

Mistaking the tail light of Walker's car, according to officials, for a stop signal, Syble Crawford, Los Angeles, applied his brakes but was unable to stop in time to avoid running into Walker's stalled car.

Other Collisions.
A car registered to Rudolf Ordaz and one driven by Jess Alvarez, both Huntington Beach, both crashed into the two other cars. All drivers were slightly bruised, Alvarez most severely.

Four persons were injured on Seventeenth street one quarter mile south of Ocean avenue yesterday when cars driven by Manuel Ortiz, 18, Route 1, Huntington Beach, and John Taylor, 34, United States marine base, San Diego, collided. The injured included Taylor, Peggy Haighway, 19, Long Beach, Eunice Davis, 19, Long Beach and J. B. King, U.S.S. Idaho, San Pedro. Fred Bethke, 47, Brea, was injured on Placentia boulevard between Orangewood and Ball roads Saturday night when cars operated by Elsie Bethke, 45, Brea, and Kenneth McClellan, 19, Anaheim, collided.

Bike, Auto Collide

Frank Villa, 13, 901 East Pine, and David Castillo, 5, riding a bicycle, were slightly injured Saturday at Pine and Broadway when in collision with a car driven by Willard Hall, Orange. At Eighth and Birch streets Saturday, a car operated by Paul Womack, El Centro, was damaged when it collided with a curb.

Paul Coon, 25, Route 2, Orange, was injured Saturday at First and Bush streets when his motorcycle and a car driven by Dixie Beach, 19, 2409 Riverside drive, collided. Coon received cut finger, strained knee and possible body bruises.

FARM BUREAU CHORUS MEETS

Reorganization of the Orange County Farm Bureau Chorus, a group of approximately 50 voices, will get under way at 7:15 p. m. today at the Orange High school, it was announced by C. J. Marks, executive secretary of the bureau. The group will meet under the direction of L. M. Sharpless, instructor of music at Fullerton junior college, and will make arrangements for several musical programs to be presented during the next few months.

DISMISSES APPEAL IN RUPP ESTATE

The appellate court of the fourth district today dismissed the appeal of the Ernest Rupp estate from a decision by Superior Judge G. K. Scovel, denying new trial of a suit in which Judge Scovel granted the Santa Ana Mortgage and Investment Company judgment against the Rupp estate on a note.

The appeal was based on the estate's claim that notice of proceedings in the superior court had not been properly given, because it was typewritten upon the back of a costs memorandum. The appellate court rejected this ground, with the observation that "it seems strange that the defendants claim there no notice given them, because they filed an application for an order staying execution."

SHIP INDUSTRY F. U. S. 'SICK' EXPORT HOLDS

WASHINGTON, (UP) — The

S. Maritime Commission, in less than nine months of active operation, diagnosed the ills of America's crippled merchant marine, prescribed the remedies, and levied necessary and unmarked a program of rehabilitation designed to give private shipping a chance of survival. Headed by Chairman Joseph P. Kennedy, President Roosevelt's fact-finder and trouble-shooter, the commission conducted one of the most comprehensive studies ever made of any industry. As a result of its findings, it was named a majority of the commission feels that American Shipping, such a "sick industry" that eventually government ownership of all steamship lines is inevitable. Two startling disclosures stand out—that 90 per cent of the vessels in the American merchant fleet will be more than 20 years old in 1942, and that a government expenditure of at least \$25,000,000 annually, with private operators operating to the limit, will be required to rebuild the fleet.

Private Capital Afloat "Shipping has been, in the financial sense, a sick industry for many years," the commission said in its economic analysis. Private capital has been hesitant to enter the field because of the

poor earning records of any of the companies; the fear of disastrous strikes and ruinous operating costs may result from the demands of labor; the lack of confidence in a stable government subsidy policy; and the fact that at some future time subsidy contracts may be cancelled, and the unusual hazards of the shipping industry which, because of its international character, is directly affected by such influences as war, crop failures and similar influences.

Labor conditions on board ships are called "deplorable." The commission said that "unless something is done to reduce interunion friction, to increase the efficiency of our crews, and to restore order and discipline upon our ships, all overment efforts to develop a strong American fleet will be futile."

Such a situation, the members said, was caused largely by low wages and "crowded, unsanitary and poorly ventilated" quarters for seamen, and a "short-sighted" labor policy on the part of ship operators.

Ranks 6th Among Powers The "outstanding weakness" of the merchant marine is its high degree of obsolescence, the commission said. In vessels under 10 years old, the United States ranks 6th among Great Britain, Germany, Japan, France and Italy, and to replace by 1942 all the ships which will be obsolete at that time would require an expenditure of \$25,000,000.

To meet, within the limits of practicability, the needs of the merchant marine, the commission recommended amendments to the 1916 Merchant Marine Act and a compact program for the aid and assistance by the commission.

To induce private capital into the shipping industry, it suggested that Congress liberalize the restrictions now placed on operators and grant assurances of a definite policy regarding subsidies.

For the labor problem, the commission recommended establishing a maritime training school, supervised by the Coast Guard, which would train 500 men annually for service on merchant ships.

A maritime labor mediation board should be created to arbitrate labor disputes in the industry, the commission said.

To Build 30 Tankers The replacement program is already under way, contemplating having 30 new tankers and steel cargo vessels under construction before the end of 1938. Negotiations are in progress with all companies looking toward building 10 of these ships. They will be constructed as auxiliary units to the

navy with the government furnishing the extra money necessary to install high speed engines and reinforced decks.

A contract has been awarded to the Newport News Shipbuilding and Drydock company for construction of a \$15,750,000 passenger liner to take the place of the Leviathan in the North Atlantic trade. The vessel will carry 1200 passengers and a crew of 630, with a speed of 22 knots. It will be 723 feet long.

In a separate survey of the probable future of ocean airways, the commission suggested that shipping companies would be wise to expand their activities to include operation of large flying boats.

The commission predicted that in less than 10 years 250,000-pound flying boats will be crossing the Atlantic in less than 24 hours. In the immediate future, they said, 120,000-pound ships with a non-stop range of 5000 miles will carry 40 to 50 passengers at 175 miles an hour.

TOWNSEND NEWS

Mr. M. Watts of Ontario, Canada, is a visitor in Santa Ana at the present time at the home of W. H. Thompson of 1021 West Third street. Mr. Watts claims to be the only Townsendite in Canada. When he was asked how he knew that he told the writer that he had been all over Canada and had never found a single one other than himself. But he is strong for the Townsend plan, and Mr. Thompson with whom he is visiting is a member of a Townsend club in Santa Ana.

Mrs. Jennie W. Bloomquist of Los Alamitos was a caller at the Townsend headquarters at 509 West Fourth street Friday. Mrs. Bloomquist is greatly improved in health at the present time, which news will be greatly appreciated by her many friends over the county and who Townsend club association are well and favorably acquainted with Mrs. Bloomquist.

The leading women in the Women's Auxiliary of Orange county of the Townsend movement recently held a big bazaar at the Townsend headquarters at 509 West Fourth street, at which time they took in approximately \$1000. But that doesn't satisfy them. They have already gotten a program under way for another bazaar to be held in June, but they state that it will be handled in a little different manner than the last one, and they hope to improve on their work of the past.

The Townsendites have been half way assured that if Governor Merriam calls a special session of the state legislature there will be within the official call a small loop hole wherein the Townsendites may be able to lay on the Governor's desk the petitions asking that legal steps be taken toward the enactment of the Townsend plan into a constitutional amendment.

Mr. P. E. Dooley, member of club No. 2 of Santa Ana is at his home under the doctor's care. Medical attention is being given him with the expectation of an operation in the near future. He was in the hospital today for observation, and Mr. Dooley says that he thinks that he is ready for an over-haul job.

The many friends of Mrs. Roy J. Webb will be pleased to learn that Mrs. Webb underwent her operation able to be up and about at her home in Arlington. Mr. Webb was delayed in his return to Chicago, and following that he has been held here for certain business connected with the Townsend National movement.

Mr. Charley Deen of 1073 West Sixth street is on the sick list at the present time.

Dr. Frances E. Townsend whom it was announced would arrive on the Pacific Coast today has been at his home for several days in Long Beach. His health is very poor and at the present the doctor advises him to be quiet. Following his trip out here last fall he returned to Chicago when he was taken down with severe chills and

as a result was taken to Mayors for a medical examination. The next trouble he met with was the extraction of several of his teeth. However, the doctor is at his home now and will probably remain in quietness for several weeks. His date to speak in Santa Ana has not been cancelled but held in abeyance for the future. His son who accompanied him from Chicago to Long Beach has returned to the National headquarters.

Mr. and Mrs. E. F. Millard of 1852 West 17th street, made a flying business trip to the Bakersfield country this week.

Townsend Clubs No. 1 and No.

7 have worked out a combination meeting of their clubs. Each club taking an alternate night of the month. Last night club No. 7 held its meeting at the Roosevelt school on East First street with G. W. Lonsberry, president in the chair. Mr. Lonsberry is one of the presidents and while his club may be small it is hoped by the membership that both clubs will now start to grow. They have started somewhat of a contest. The night in the month on which the club holds the official meeting the other club members are visitors, and vice versa. This is going to start a contest to see if the visiting club

may not have more people in attendance than the club that is in official charge. J. H. Walsh was the speaker of the evening and also installed the newly elected officers who were as follows: G. W. Lonsberry, 1222 Orange avenue; C. Boyd, vice president, 725 Oak street; Mrs. Lucy Hayward, 806 Cypress, secretary; W. A. Chapman, 810 Orange, treasurer. The club meets on Friday nights, now alternating with club No. 1.

There are going to be several changes made in the Townsend organization according to word from National headquarters at Los Angeles, following the abolishing of the Congressional District boards formerly with executive power. And the matter of Congressional organization will come up for discussion at the coming National convention which will probably be held in the early spring.

Club No. 10 will give a pie social at the next meeting which comes on Friday night, January 21. Full details will be given in a later issue of this paper. Rev. Ida L. Ewing is president of this club.

SEVEN MEN NABBED AS DRUNK DRIVERS

Seven men were arrested here during the weekend on drunk driving charges.

They include Don Graves, 25, 624 Garfield, who was ordered to appear in Santa Ana city court today; he was arrested last night by Officers Paul Cozad and J. B. Stephenson; Dolores Mendez, 31,

Westminster, arrested yesterday by California Highway Patrol Officer Horace Inge; Merrill Post, 24, Laguna Beach, arrested by Laguna Beach officers; Floyd McQueen, 28, Newport Beach, arrested on Santa Ana boulevard by deputy sheriffs early yesterday; John Weaver, 46, Huntington Beach, arrested by deputy sheriffs near Huntington Beach; Gregory Castana, 45, Riverside, arrested Saturday night by Placentia police, and a 17-year-old Santa Ana school boy, arrested by Officer Inge Saturday evening.

3,100 KILLED ON STATE ROADS DURING 1937

With Orange county having added 84 deaths to the grim total, California's highway deaths for 1937 were slightly in excess of 3100 according to a tentative compilation announced today by Director Ray Ingels of the State Department of Motor Vehicles.

"While the December check has not been completed, indications are that the 1937 death toll will be approximately the same as that of 1936, when highway casualties in California totaled 3132," Ingels said.

Makes Comparison

"Highway deaths in California during the first 11 months of last year totaled 2770 in 32,425 accidents. Official figures received today from New York state show there were 2781 motor vehicle fatalities there in the first 11 months of 1937 resulting from a total of 75,428 accidents. Thus, the records show that New York with a comparable but slightly lower motor vehicle registration had twice as many accidents and a slightly greater death toll than California.

"There is a probability that the grand total of traffic deaths in California for 1937 will be slightly under that of 1936 when 3132 persons were killed. But the fact that the record is so close to that of a year ago impresses upon us that

safety work throughout the state must be increased."

5300 Injured In State

Tentative figures over the nation for 1937 show 39,243 traffic deaths and 1,374,000 injuries. The California record shows 5300 injuries in addition to the deaths.

Ingels cited the state and nation-wide record as a positive mandate for officials and motorists to work together more closely in helping to cut down the ghastly record during 1938.

Postal Receipts Boosted by \$2100

Postoffice receipts for the first 15 days of 1938 exceeded those for the same period in 1937 by \$2100, according to Postmaster Frank Harwood.

Receipts for the 15-day period were \$8545.33. For the same period in 1937 the receipts were \$6745.33, Harwood said.

ST. ANN'S AND ST. JOSEPH'S NAME GROUPS

Both of Santa Ana's Catholic churches—St. Joseph and St. Ann—today announced completion of organizations that will participate in the campaign of the Archdiocese of Los Angeles, to raise a fund of \$1,500,000 for the erection and initial endowment of the proposed St. John's Seminary, near Camarillo in Ventura county.

Father Galvin of St. Joseph's announced today that the parish organization would be headed by George F. Ravenkamp as lay chairman, and would include the following workers: George Nash, R. Maddock, J. S. Carel, Joseph Callens, J. E. Breaux, William Roth, E. Vosskuhl, Carl Schlicher, J. O. Markel, J. P. Murphy, L. M. Banks, William Maag, F. Dierker, P. C. Dietler, D. Dietler, Dr. P. Gillespie, Dr. E. F. Bruning, N. D. Meyer, B. German, S. Savana, A. Kramer, E. J. Jones, William Joerger, J. Ryan and H. D. Hodges.

St. Ann's organization, announced by Father Meehan, its pastor, has Anton Osterkamp as lay chairman. The workers are J. B. Casteix, H. Huleskamp, C. Webb, Joe Catharina, V. Weicher, E. L. Flanagan, C. Miller, A. Foster, M. Lynch, R. Wilkins, P. Halliey, A. Markey, W. Markel, S. Cunningham, R. Huber, W. Seeley, C. M. McCaffrey, A. Mandy, C. W. Wolford, J. Sullivan, M. J. Logue, C. A. Rockwell, B. C. Hoffman, G. Callens, E. Van Casteren, J. Marling, H. Siemonsma, J. Bellencourt and A. Whitten.

The drive for the \$1,500,000 fund, to be conducted simultaneously by 3000 workers, laymen and priests, will open February 13. Construction of St. John's Seminary, projected Catholic institution of higher learning for the priesthood, is expected to start within a few months on a 100-acre site near Camarillo, the gift of the late Juan Camarillo.

Executive Chairman The Right Rev. Msgr. John Cawley, P. A., Vicar General, is executive chairman of the campaign, which involves division of the archdiocese into 22 districts, each comprising a group of adjacent parishes and headed by a director and a chairman, chosen from the clergy. Parish organizations, similar to the two formed in Santa Ana, will operate in each of the 185 parishes of the archdiocese.

KIWANIS MEMBERS BACK FROM PARLEY

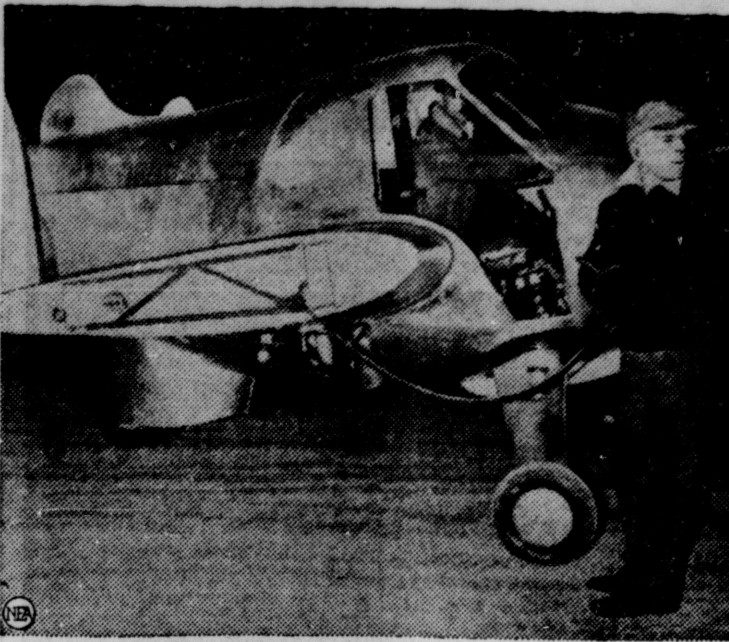

Maurice Enderle and Ray C. Radant, president and secretary of the Santa Ana Kiwanis club, returned to Santa Ana yesterday following a two-day conference of Kiwanis club presidents and secretaries from California and Nevada at Bakersfield.

Installation of Dr. Fred Ewing of Oakland, as district governor climaxed the conference. Ewing, H. C. Merrill of Redlands, past lieutenant governor, and Benjamin Brown of Oakland, past governor, addressed the delegates on 1938 Kiwanis objectives.

Clark Clement of Hanford presided at the installation. Delegates from the bay district urged Kiwanians to attend the international convention in San Francisco June 26 to 29.

Representing Orange county and division four was the installation of Dr. Raymond Temple, of Anaheim, member of the Buena Park club, as lieutenant governor of the division.

Closely guarded secrets of a new tailless plane under construction at New Philadelphia, Ohio, were revealed by the picture above, taken by an amateur photographer who was attacked by guards as his camera clicked. Of pusher type, the motor and propeller are installed in the short fuselage directly behind the pilot. The ship will carry two passengers.

Grout, Thompson, Cozad Installed

Through a typographical error the names of Commander Perry Grout, Senior Vice Commander Charles Cozad and Junior Vice Commander R. C. Thompson, installed Friday night by the Sons of Union Veterans, were left out of an account of the installation.

The officers were installed by Post Department Commander C. W. Millen of Santa Ana who, tonight, will go to Long Beach to install officers of the Camp in that city. He will be accompanied to Long Beach by W. I. Davis, who will serve as installing guide.

MONDAY JAMBOREE

The old maestro himself, Coach "Tex" Oliver, comes back home tomorrow.

En route to Eugene, Ore. for a consultation with officials of the University of Oregon, Oliver will be in Santa Ana all day. He is tentatively scheduled to speak at the annual Elks "Football Night" Tuesday night before continuing north.

The Oregon head coach's post had narrowed to four men, including the Santa Anaan. The others are Gene Shields, Oregon's line coach under resigned "Prink" Callison; Jimmy Bradshaw of Fresno State and Ted Bank of the University of Idaho.

California's Golden Bears haven't given up yet on Bill Musick, Santa Ana's all-Southern California prep fullback.

No air; most emphatically not, as our old friend Hawkeye of the turf would say.

In fact, Battering Bill spent the past week-end on the Berkeley campus as a guest of Floyd Blower, California's alumni representative in Southern California.

A February graduate, Musick has sent his credentials for admission to the University of Southern California. That's where Brother Jim did his collegiate line-wrecking before joining the pro league. But the Bears are still in there pitching.

U.C.L.A. and Stanford would like to land Bill the Musick too.

In all this rushing, Santa Ana Jaycee looks on helplessly, deserted by its best friends—most of whom frankly agree Musick should spend at least one season in Jaycee football.

Milton Smith, lanky end of the Saints' champions, also graduates from high school next month. He is in the bag for U.C.L.A.

Don Warsburg, captain, does not pull out until June. He's supposed to be ready for delivery at California, with U.S.C. and Stanford watching the situation hopefully.

The Youels have another football player. This one is little, but mighty.

A son (Laurence Kent Youel) was born Sunday to Mrs. Curtis Youel, wife of the former Santa Ana center who is now coaching at Santa Monica junior college.

Baby Youel is a nephew of Erwin, co-captain of the '37 Santa Ana Dons and a grandson of Mr. and Mrs. M. B. Youel, Grandfather Youel is on the board of education.

Horse fanciers who follow the fortunes of The Register's Tom Gwynne will be happy to learn that Handicapper Gwynne's selections will appear in the final editions of this newspaper—beginning tomorrow—a day in advance of the races themselves.

Stanford university has officially notified Santa Ana Jaycee that there is no chance for a Stanford Frosh-Dons football game at Palo Alto this fall. Coach Bill Cook is still hopeful of landing his team on the freshman schedule at California, but has heard nothing yet from Berkeley except that no dates have been filled.

Bob Walton of the San Bernardino Sun picks Santa Ana to finish LAST in the Citrus Belt league basketball race. Wonder if he wrote his copy before the Saints knocked over undefeated Riverside?... Ben Steffler, onetime O. C. A. C. matchmaker, is now promoting boxing matches at Colton.... Frank G. Wintz of R. G. Effer of 519 W. First street, Santa Ana, won one of those prizes in the Times' race-picking contest the other day; had 43 points.

Hank Luisetti, Stanford's All-America forward, had only 67 fouls called against him in 58 games during his sophomore and junior seasons.

Foul Claim Knocked Out

Enrico Venturi writhes and grimaces on the canvas in Madison Square Garden, New York, claiming a foul after a low blow by Henry Armstrong, featherweight champion. But Venturi was counted out for his pains, since New York has no foul rule. As soon as the referee told "ten," the sufferer leaped to his feet. Armstrong had piled up a big lead before the final blow.

SNEAD AGAIN BAGS CROSBY'S GOLF TOURNEY

BY HENRY McLEMORE

DEL MAR—Bing Crosby's golfing party broke up today and for the second consecutive year Sam Snead went home carrying the biggest slice of the \$3000 purse.

The young hill-billy from White Sulphur Springs, W. Va., won a total of \$775-\$500 for first honors in the open section of the tournament, and \$225 more for placing second with Doug McKinnon, Los Angeles amateur, in simultaneous pro-amateur competition. He grabbed up the booty with a spectacular round of 67 strokes, a new course record for the sporty Rancho Santa Fe layout.

Just a year ago Snead broke out of his obscurity by winning most of the money Crosby annually puts up as prizes for the touring golf professionals, when he wallowed through the flooded fairways with a smashing last round score. The setup for Snead was virtually the same when the field teed off for the second round of the 36-hole tourney yesterday.

Jim Demaret of Houston was out in the lead with a 68 when Snead started smacking his powerful drives. The fairways weren't flooded but they were soggy and squished underfoot from the moisture of two days of rain. But Sam rounded the turn one under par in 32, then slammed home in 32 and for his 67 and an aggregate 132.

His score was two strokes better than that of Jimmy Hines, Garden City, N. Y., pro, who won second money of \$350 with 69-72-141; and three better than Demaret, who took a 74 and slipped to third spot and \$250.

First place in the best-ball pro-amateur section of the event went to Art Bell, Los Angeles driving range instructor.

The growing praise of Hawkeye plays.

Bursts with fecundity—Vast throngs attest that he's the best.

With glib profundity! "Nothing succeeds like success," chuckled the noted maestro of the turf, "the which is well exemplified in myself," he concluded modestly.

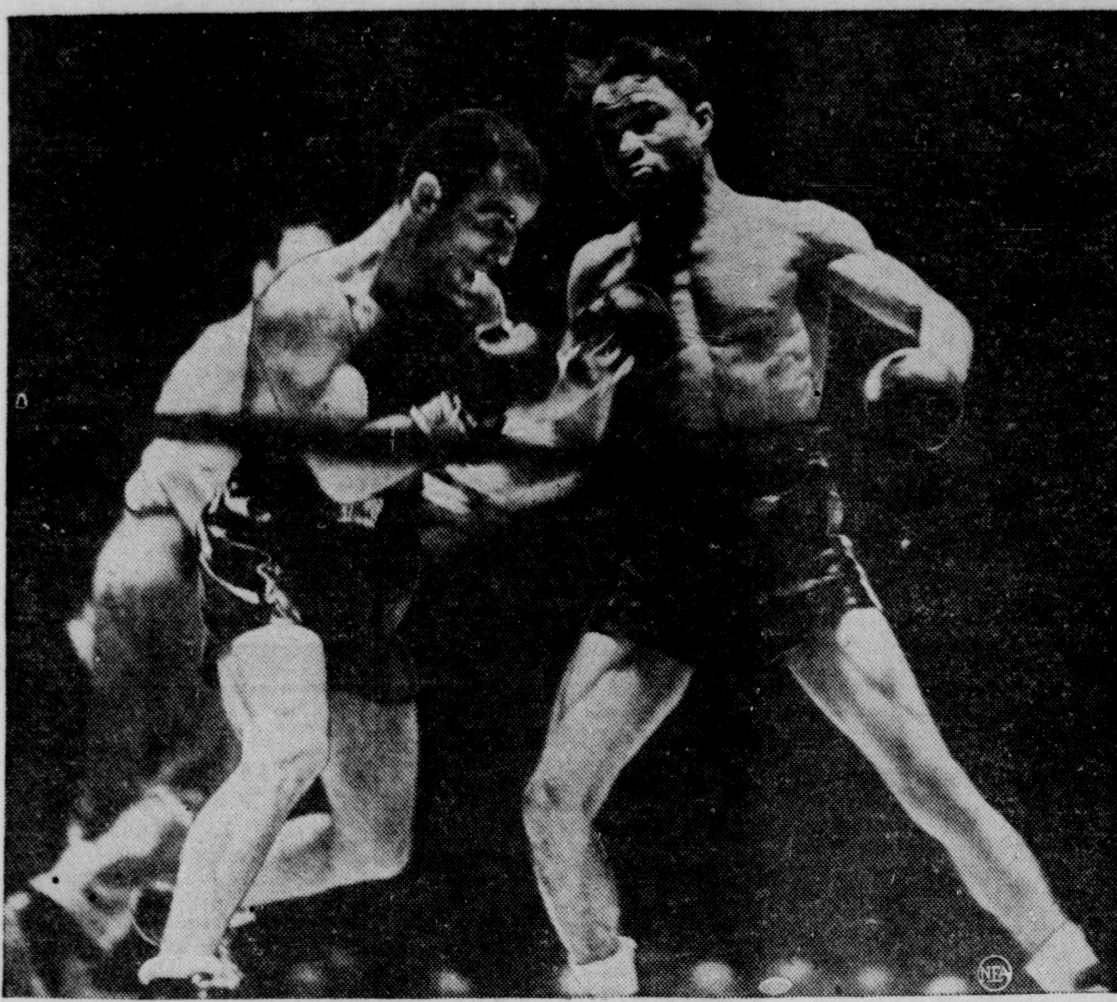

A check-up disclosed that this was indeed so, most disconcerting to his rivals. Hawkeye fans point proudly to his long and lustrous record as leading handicapper, bar none, and to the fact that Hawkeye horses always win. Needless to say, his astute play for Friday, Nuve Alta, won just like he said he would, while Sweepalot, the astute play for Saturday, failed to score through an error in timing. The total profits, 80 cents, a tidy tidbit, indeed.

The astute play for tomorrow: Two coconuts straight on Soigne in the sixth.

Medwick indicated he was disappointed in the Cardinal salary offer.

"I guess they're having a little fun with us boys," he said.

DONS MEET CLOWNS, THEN CHAFFEY J. C.

With the sensational New York-Broadway Clowns playing in the Tustin gym Wednesday night, and Chaffey Junior college's eastern conference quintet invading the same gym Friday night, Santa Ana's Dons have their work cut out for them this week.

The Clowns are probably the most colorful barnstorming team in the country. They have played to packed houses in every big city in the United States. Chaffey's Panthers come here fresh from a 31-28 upset victory over Riverside.

After a disappointing showing against Fullerton last Friday, the Don lineup is due for a general shaking up this week by Coach Blanchard Beatty, who still has confidence that the Dons are capable of finishing near the top in the conference. Lynn Arnett probably will take over one of the guard positions. Other changes depend on the Dons' performance in practice tonight and against the Clowns.

Dodson Disqualified For Toting 15 Clubs

BY HENRY McLEMORE

RANCHO SANTA FE.—Being nothing more than a few notes (which I have unearthed while excavating in a trap) in Bing Crosby's golf tournament:

The honor of being the first professional disqualified for carrying more than 14 clubs in his bag goes to Leonard Dodson, Mumfords, Missouri's cosmopolitan son. After a good first round Dodson discovered a trick collapsible putter, that an inventive admirer had given him years ago, folded up in the pocket of his bag. Dodson plans to use a kangaroo for a bag in the future feeling certain that even the shortest clubs will be visible in the pouch... Lawson Little also disqualified himself in the tournament... the former amateur king signed an incorrect score card...

The finest shot of the two-day meet was made by Host Bing Crosby... on the short 14th Bing laid his tee shot four feet from the pin for what seemed a certain birdies two... While the gallery held its breath the crooner stepped up to the ball for his putt... then, on his back-swing, his club hit the ball and knocked it 10 feet further away from the hole... What Bing crooned at this point bore no relation whatsoever to Sweet Le Lani.

Ben Hogan, a not so well known newcomer from Fort Worth, Tex., was the only player to reach the green of the hole in two shots... The 18th stretches 540 yards and the second shot must be all carry to reach the green on the hill... Ben was a pin high with a spoon yesterday... Guy Kibbee, svelte Hollywood comedian, feels the 14-club rule is very unfair to players like himself... "I have played golf 30 years with only seven clubs in my bag," Guy moaned after a sensational in more ways than one round yesterday, "and the extra seven I had to add to my collection confused me no end."

Sam Snead who won the tournament for the second year in succession once was a singer of note himself... It was not so many years ago that Sam was considered the outstanding tenor in the Hot Springs, Va. high school glee club... The longest hitter in the game, Sam has no idea what gives him his distance... "You might as well ask Jesse Owens why he can run so fast," he said, "as to ask me where I get my power"...

Snead won last year by shooting the back nine in 32... He must have remembered that for he turned in the same score on the incoming journey yesterday.

Pros consider the Rancho Santa Fe course as the toughest test of golf in Southern California, and one of the most exacting in all the country... John Montague, who was an interested spectator at the tourney, still is undecided as to when he will enter the battle pit against the pros... For man-sized food nothing ever topped the barbecue Crosby throws for the competitors at finish of play... The steaks are bigger than an eight iron divot and easier to take than a six-inch putt... Audrey Devine, former All-America at Iowa, brought one of the finest swings shown by an amateur to the tournament... He was handicapped in his scoring, however, by a putter that made the ball perform like a green.

Before they develop anything like Luisetti's accuracy.

Although it's been shown that the shot can be gotten off at least a half second faster, and can be tossed while the player is in motion, Nat Holman, city college coach, absolutely forbids his boys to use it.

Holman, although one of the keenest basketball men in the business, may be sorry for his ban later on if other clubs attain any great success with the maneuver.

SKEPTICAL BUT WILLING
Most eastern coaches, in fact, aren't overly enthusiastic with the one-handed heave, but they're permitting their players to try it.

Irving Torzoff, Long Island forward who leads the Metropolitan scoring race, has adopted the idea and likes it very much.

Eastern cave followers first saw the one-handed shot in its perfected form a couple of years ago when Purdue's Bob Kessler perched in the Garden, but they listed the Boiler-maker phenom as a freak and let it go at that.

But Hank Luisetti proved that it's a matter of sound basketball efficiency, and no longer a freak. So watch the one-handers fly, is the word around Manhattan.

Santa Anita's six furlong "mud crown" belongs to Speed to Spare.

This crack sprinter, recently sold down the river by Alfred Vanderbilt, raced to a convincing victory in the \$5000 San Felipe Handicap Saturday in the blue and white silks of the Circle M. ranch, owned by Mrs. E. M. Moore of Sheridan, Wyoming. He defeated the longest, Mr. Blaze, by a length-and-a-half, with Woodberry a fast-going third. Speed to Spare was an "overlay" in the mutuels at \$18.50 straight, and he splashed the sprint in 1:12 2-5.

Expected to decide the speed title of the season, the fixture turned out to be a battle of mud-larks when a driving rain Friday night and Saturday morning inundated the course, resulting in a scratch-riddled card.

Boxthorn, the favorite, ready to make a strong defense of his sprint laurels won last winter, was at a distinct disadvantage in the mud, finishing fourth on his class alone.

The fleet Brown Jade, rated a powerful contender, was likewise unable to display her blinding speed in the going with weight up.

In the meantime, Speed to Spare leaped to the front shortly after the break, opened up on his rivals, dominated the running throughout and was not driven hard through the stretch by the confident Jockey aymond (Sonny) Workman.

What might have been a near-record crowd was reduced to 30,000 by the changed track conditions. The weather cleared up, however, in time for the races and was warm and pleasant.

Highlights of this week will be the \$5000 Santa Susana Stakes for 3-year-old fillies at six furlongs Saturday, and the possible debut of Pompoon in an overnight race. His six-furlong prep in 1:11 last week indicates that he's ready for silks any time, and it's probable that Jockey Johnny Gilbert, who worked him the other morning, will ride him in the engagement.

A field of nine 3-year-old fillies clash tomorrow in the sixth race at six furlongs and the field contains several contenders for the Santa Susana.

Favoritism, however, is expected to fall to First Kiss in the stake Saturday, with Sky Lanty the probable second choice. Neither will start in tomorrow's fracas.

Jockey Charley Corbett has a \$100,000 problem on his hands today. This crack reinsman, one of the best big money riders in recent years, has offers from two stables for a mount in the Santa Anita Handicap.

Bert Baroni has given him the choice of Top Row or Star Shadow, while Maj. Austin C. Taylor wants him to ride Whickee. What to do? Top Row, winner of the big race two years ago, is a question mark, just like Time Supply. Although he is training well, he hasn't been to the races in almost two years, and there's considerable doubt if he has one more championship effort left in his system.

Star Shadow, the other Baroni hope, needs mud or a rough track to beat first class opposition.

Whickee, on the other hand, is a promising 4-year-old, but he's never been a mile and one quarter, although his breeding indicates that he can travel the distance.

Ligaroti and Olympic, the two Argentine stars owned jointly by Lyn Howard and Bing Crosby, will make their debuts in the San Pasqual Handicap. Ligaroti recently smoked the strip, stepping five panels in a minute, while Olympic worked slightly slower.

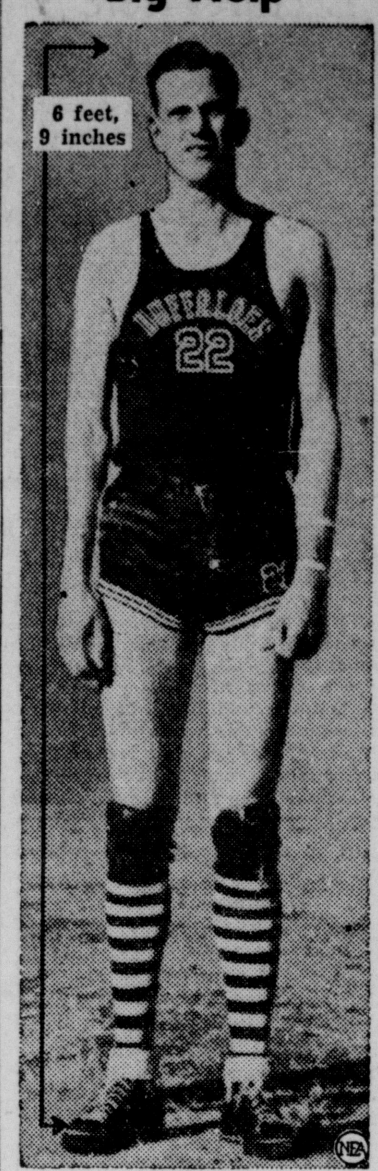

The San Pasqual, to be run Jan. 29, is the season's second and will also bring out Seabiscuit, Time Supply and Whickee for their season's debuts.

'Y' LEAGUERS OPEN THIRD ROUND CARD

Starting the third week of play in the second-half of the Santa Ana Y. M. C. A. league, M. E. South and Patterson's Dairy hook up at 7:15 tonight. Irvine clashes with the Excelsior Creamery at 8:30.

Other games on the "Y" floor this week are being played Wednesday and Thursday nights. Wednesday: Southern Counties Gas company vs. A's Lock and Key Shop, 7 p. m.; Treasures Products vs. Barr Lumber company, 8 p. m.; Church of Brethren vs. Penhall Brothers, 9 p. m.; Thursday: Wilson's Dairy vs. Montgomery Ward, 7:15.

Big Help

Just when a lad like Ray Shackelford, above, could do a lot of good, the rules committee abolished the center jump, but the West Texas State Teachers nevertheless expect their six-foot nine-inch center to be a big help throughout the basketball season.

Shackelford, believed to be the tallest collegiate player in the country, performs with what perhaps is the tallest team. The average height of the squad is six feet four.

RAID ARCADIA 'BOOKIE NEST'

ARCADIA—(UP)—The "bird's nest," from which alleged bookmakers spied on Santa Anita races through a telescope, was empty today, "plucked" by a sheriff's raiding squad.

The "bird's nest" is across Huntington drive from the track, an unusually tall house from whose upper windows the races could be seen clearly. Officers who broke in while the horses were running Saturday said the place was equipped with high-powered telescope for watching the races, a microphone for "calling" the results, and teletype and Morse code telegraph apparatus.

Four men arrested in the raid will come before city court in Arcadia tomorrow. J. R. Hoolihan, 38, and Irving Ellingham, 43, both of Chicago, were charged with violating a city ordinance prohibiting spying on races with telescopes.

Ousted Woman Fan Sues S. F. Principal

By JOHN U. TERRELL
(United Press Staff Correspondent)

SAN FRANCISCO — The great Fingernail Polish Suit for \$10,000 was resumed in court here today.

The lineups for this quarter: 1. Mrs. Alta Moore, 23, who sued Principal James M. Addicott of Polytechnic high school, charging that he had her put out of a football game because the color of her fingernail polish was the same color as that sported by the enemy team.

2. Mrs. Moore's attorney, Jerome Schiller, who told the court in the first period of the trial he would show that "Addicott not only ordered Mrs. Moore to leave the Polytechnic rooting section, but assaulted, mauled, ill-treated and wounded her so that she suffered great bodily pain."

3. Principal James M. Addicott who said he had Mrs. Moore ejected because she "invaded the rooting section, where she didn't belong, wearing the colors of a rival school." Addicott said he believed he handled the whole thing "good-naturally."

4. Walter Dodd and Irving Breyer, city attorneys representing Addicott.

5. Fifteen teachers and students from Polytechnic who will serve as subs and go in if needed to fight for their school and their principal.

6. Judge T. I. Fitzpatrick, presiding.

7. A jury of 10 men and two women who will be obliged to root for one side or the other eventually.

INVESTIGATOR'S REPORT TO BE KEPT SECRET

LOS ANGELES — (UP)—Edwin N. Atherton, private investigator who handled the recent San Francisco vice and graft investigations, is at present conducting a survey of Pacific Coast conference athletics, Dean Earl J. Miller of U. C. L. A. announced today.

The prominent investigator for the past week has been questioning athletes, coaches and managers at U.C.L.A., first of the ten universities he will visit during 1938, Dean Miller said.

Dean Miller pointed out, however, that Atherton was not attempting to pin charges of professionalism on any individual or charge of proselytizing on any university.

"It is the purpose of the conference to make a statistical study of aid given athletes so that we can work out some uniform set of rules and also to determine whether we should institute a new position of athletic commissioner, such as is used in the Big Ten conference of the Midwest."

The results of Atherton's investigation will be placed before the conference at a secret meeting in December, Miller said, but probably never will be made public.

"We do not propose to brand any university as using unfair methods, even if Mr. Atherton should uncover such information," Dean Miller declared. "The reason we hired him was to get accurate information on the help given athletes by the universities. In the past our information was mainly hearsay. We expect Mr. Atherton to get us factual data."

The conference decided at its spring meeting last year to make a survey of athletic aid, especially to football players. Dean Miller, U. C. L. A. faculty representative to the conference, was appointed chairman of a committee to select the team who would make the investigation.

"Mr. Atherton was chosen because of his wide reputation as an investigator. He also is interested in athletics and was enthusiastic about the appointment when we approached him," Miller said.

The Bruin dean declined to make public Atherton's salary.

Sheik Allah On Grappling Card Thursday Night

The colorful Sheik Ali Mar Allah, Persian wrestler who did a bit of plain and fancy grappling at the Orange County Athletic club in the closing weeks of 1937, returns for his 1938 campaign Thursday night. He wrestles Ramon Felipe Romano in the match that precedes the return battle of "Wild Red" Berry and the Black Dragon.

One-fall matches show Pete Belcastro vs. Speedy LaRance and Al Wescott vs. Tommy Ward.

FIGHT ON WINS AT CALIENTE, PAYS \$13

AGUA CALIENTE—(UP)—Fight On, a three-year-old once owned by Bing Crosby, ran to a surprise victory in the mile and 70 yard Fifth race yesterday. The favorite, Panates, was third. Fight On returned \$13, \$6.40 and \$3.60 across the board.

Betty Farrell, favored in the betting, won the featured six furlong sixth, offering a \$700 purse, and paid \$4.40, \$4 and \$3.20.

RIDDLE ILLNESS BLOCKS 'RACE OF YEAR'

WRITERS PICK DIMAGGIO AS 'MAN OF YEAR'

NEW YORK—(UP)—"Most valuable" players in the major leagues were ignored today by the New York chapter of the Baseball Writers' association, which selected the Yankees' belting outfielder, Joe Dimaggio, as "The Player of the Year."

The San Francisco Italian, who has played but two years in the big time, is en route to New York where he will be presented with a plaque at the New York writers' 15th annual banquet, Jan. 30. Dimaggio is the eighth recipient of the award, having been preceded by Tony Lazzeri, Hank Greenberg, "Dizzy" Dean, Carl Hubbell, Herb Pennock, Lou Gehrig and Bill Terry.

It is the fourth time a Yankee player has been selected. Forgetting about the feats of Charley Gehring, Detroit, and Joe (Ducky-Wucky) Medwick, St. Louis, who won the "most valuable player" award in the American and National league, respectively, Metropolitan scribes took into consideration the part played by "Dimag" in helping the Yanks to their second world championship.

Joe, who came to the Yanks from the San Francisco Seals in 1936, was the home run king of both circuits, hitting 46 round-trippers. He scored 151 runs, and drove in 167, winding up the season with an average of .346. His crowd appeal kept the stadium turnstiles clicking merrily. The Yanks played to more than 2,000,000 fans at home and abroad last season, and Joe has succeeded Babe Ruth as the big magnet.

Before he returns to the coast Joe is expected to go into a contract huddle with Owner Ruppert. He was believed to have received \$18,000 for last year's work and is reported seeking \$30,000 for the coming season. Col. Ruppert is expected to be a lot of talking before Dimaggio is signed.

Joe is expected to stop briefly in Philadelphia before proceeding to New York today. He plans to see the Braddock-Farr fight Friday night, and return to Philadelphia Jan. 25 for a sports dinner before he receives the "Player of the Year" award.

TWO CONVERSIONS WIN FOR REDSKINS

SAN FRANCISCO—(UP)—Conversions after touchdowns by Quarterback Riley Smith gave the Washington Redskins, champions of the National Professional Football league, a 14 to 13 victory over a Pacific Coast all-star team in the mud at Kezar stadium here yesterday.

A crowd of 7500 saw Ernie Smith, former All-American of Southern California, miss the conversion that would have tied the score at 14-11. It was blocked by Wayne Milner, formerly of Notre Dame.

Don Irwin, formerly of Colgate, and Cliff Battles, who once played for West Virginia Wesleyan, scored touchdowns for the champions while Jim Austin and Bill Drake crossed the goal-line for the all-stars.

Outstanding for the visitors was the passing of Sammy Baugh, former Texas Christian star. Ed Goodard, formerly of Washington State was the offensive star of the losers.

EX-MAJOR LEAGUER DIES IN COLLISION

WASHINGTON—(UP)—Bailey Earl Clark, 23, former St. Louis and Boston big league baseball player and a companion were killed Sunday when his automobile collided with a street car.

Miss Lucy Ketchum, 26, of Wayne, W. Va., a fellow worker of Clark's in the Federal Housing Administration, died shortly after she was taken to a hospital. A third passenger, Helen Evans, 23, of Salt Lake City, Utah, was injured seriously.

Clark had played with the St. Louis Cardinals and St. Louis Browns, later joining the old Boston Braves.

CATCHER CONROY OF 'A'S' SIGNED BY OAKS

OAKLAND—(UP)—Bill Conroy, a catcher who spent most of last year warming the bench with the Philadelphia Athletics of the American league, has been signed to play in 1938 with the Oakland baseball club of the Pacific Coast league. It was announced here today.

The Oaks also took on Pat Thomas, an infielder, and Bill Koci, a pitcher, for tryouts. They played last season in the Vancouver, B. C., semi-pro league.

DEAD RIGHT

The wrestling coach of a Columbus high school has a sign painted on the ceiling of the gymnasium which reads: "If you can read this sign, you are in the wrong position."

Victor's Elation Cramped

Bobby Riggs, at right, is more concerned over the plight of "Bitsy" Grant, whom he congratulates on his 5-set victory in the Miami Biltmore tennis championships at Coral Gables, Fla., than over his own defeat. Grant is supported by an official and writhes in agony from a cramp in the right leg which developed at the end of the hard-fought match.

SPORT NUGGETS

By JOHN NEUBAUER

FULLERTON—"Arky" Vaughan isn't a shortstop!

After five years, the Pittsburgh Pirates are finding it out. They have already begun a nation-wide search for a youngster to replace him.

They're discovering what the Fullerton gentleman farmer knew right along since he played for Steve Luther's old Cypress Merchants. He told a major league scribe just that in an interview.

But the Pirates needed a shortstop. Vaughan had to play the short-field assignment even though he would have done better as an outfielder. Regardless of his shortcomings, he is a great hitter.

When he was a rookie he was compared with the immortal Honus Wagner. The Pirates even hired their oldtime star in an effort to teach the Fullerton youngster the tricks of the trade he had so well mastered.

But it was of no avail. Year after year, "Arky" kept booting 'em, but he was still the best the Pirates had and almost as good as the mighty mite of the Giants, Dick Bartell.

The old baseball axiom that there are no hitting shortstops must be true. Vaughan, as everyone knows, is a hitter. His average has been better than .315 ever since he went to the majors. Once he led the league in hitting. So by that reasoning, he just can't be a shortstop.

If Pittsburgh could get anyone to play a fairly representative game at short, you could place your last dollar that Vaughan would find a spot in the outfield where he belongs. He'd hit the stuffings out of that old dead ball the National leaguers play with, too.

Here's another underground rumble from the Smoky City. IF some club wants to put up enough money and possibly a player or two, "Arky" will do his baseball playing in another monkey suit.

And another thing—Pittsburgh expects considerable trouble from California's latest gentleman farmer before the spring training season gets under way. There is that little matter of a contract to straighten out. His two-year contract has expired.

Like Joe Dimaggio, Vaughan is after all he can get while the getting's good. He figures the life of a ball player is limited.

"There isn't any money in baseball anymore," he said ruefully before he left here for Potter Valley. "You've got to get it while you can."

Vaughan probably is a hold-out right now. But that's a matter he has to settle with his superiors. He never talks baseball or financial matters for publication.

He'll get what he's after or he'll sit out the season on his new 400-acre estate in Potter Valley. He has all the money he can possibly use as his tastes are simple. The bright lights of the city have affected him little.

He is living in a sportsman's paradise where he can hunt and fish whenever his heart is set on it. That's what he wants—the life of Riley.

Hit The Pocket For High Average

Joe Falcario . . . start of delivery

(Third of 10 instructive articles on bowling)

BY JOE FALCARIO (Match Game Champion)

We've discussed the importance of picking a spot from 12 to 14 feet down the alley and delivering the ball so that it strikes that spot on its way to the head pin.

But sometimes, due to alley conditions and a little or too much delivery twist, the ball will break on the Brooklyn side (to the left of the head pin), or break too soon and give you a thin hit on the right side. Either hit, if too thin, well may result in a split.

If you find your ball breaking

too far to the left, move five inches to the left. This will correct your fault if you deliver the ball with the same motion. Make sure that you shoot for the same spot on the alley that you did in your original position. If the ball is breaking too thin on the right side, move six or seven inches to the right to remedy this.

A lot of bowlers get into their luck when they beat a split. Nine times out of ten it isn't luck that gives them this setup. It's just lack of mechanical bowling that brings the ball up to the pocket.

Aim for the pocket, hit it, and your splits will be as rare as sauerkraut in an Italian restaurant.

WAR ADMIRAL HAS FLORIDA POT AT MERCY

BY HARRY GRAYSON (Sports Editor, NEA Service)

MIAMI—Samuel D. Riddle's reluctance to make the long trip to Southern California is what blocked a meeting between America's top horse, War Admiral and Seabiscuit, in the \$100,000 Santa Anita Handicap, March 6.

The master of Glen Riddle Farm is 75 years old and was 90 in last spring that he couldn't make the jaunt from his Philadelphia home to Churchill Downs to see War Admiral win the Kentucky Derby in 2:04 4/5, a time second only to that of Twenty Grand.

Riddle has set his heart on seeing every race in which War Admiral goes postward.

He can drop down to Hialeah Park without too much inconvenience, which is the real reason why the greatest racing son of Man o' War now munches oats in Florida instead of on the Pacific coast.

Another reason for War Admiral's presence at Hialeah is that Riddle never cares to be too far removed from the barn of Man o' War himself. He commutes between Philadelphia and Berlin, Md., where his farm is situated, and Lexington, Ky., where Big Red stands.

Riddle's friendship and association with his fellow-Philadelphian, Joseph E. Widener, also influenced the aged millionaire to ship War Admiral to Florida. Riddle is a member of The Jockey club of which Widener, president and practically sole proprietor of Hialeah Park, is vice chairman.

WAR ADMIRAL AFTER SUN BEAU'S RECORD

Although his ambition is to have War Admiral top Sun Beau's world money-winning record of \$376,000—the flyer still has \$200,000 to go—Riddle doesn't need the coin.

And Riddle hardly will starve at Hialeah, where War Admiral appears to have the \$50,000 added Widener Stake of March 5 and other rich fixtures at his mercy.

War Admiral's presence at Hialeah is significant in more ways than one.

It proves that winter racing gradually is supplanting the summer sport in importance, thanks to the progressiveness of the Los Angeles Turf club.

Until Santa Anita stuck up all that lucra, few major stables would race during the winter.

They objected to winter strips catering almost entirely to the better.

Tracks were skinned so that fast records could be made. If crowds flocked through the turnstiles, the proprietors didn't care how many horses broke down as the result of pounding on hard surfaces.

WINTER TRACKS NOW HIGHLY SATISFACTORY

But winter strips now represent triumphs in track engineering. Hialeah, not long ago considered hard, today has a cushion as soft as that of any other American strip. Yet Brevity's world record there is eloquent proof that the track is fast.

War Admiral will boom business at Hialeah, although in recent years it hasn't required a stimulant. But War Admiral would help things even if he didn't start. Thousands go out in the mornings to see him work out, and many of these stay to bet on the lesser lights.

Hundreds who never saw a horse race in their lives run out to see War Admiral.

In order to get entries against the champion, War Admiral will have to carry everything including the kitchen stove, but even under such a handicap the seal brown son of Man o' War appears to be a sure shot to beat anything in sight.

RIGGS, GRANT WILL RENEW NET RIVALRY

MIAMI BEACH, Fla. — (UP)—Bobby Riggs of Los Angeles, America's No. 2 net star, headed for Tampa today to renew his rivalry with "Bitsy" Grant of Atlanta in the Dixie tennis championships.

Grant, who defeated Riggs in the finals of the Miami-Biltmore championships, withdrew from the Nantux club tournament here and made it a comparatively easy task for Riggs, to make a clean sweep of the singles and doubles titles.

Riggs tuned up for the Dixie tournament by turning back Wayne Sabin of Los Angeles, 7-5, 6-1 in the singles. He then teamed with Sabin to win the doubles title.

98-YARD RUN HELPS CHICAGO BEARS COP

HOUSTON, Tex. — (UP)—The Chicago Bears' professional football team defeated the Southwestern All-Stars 19 to 10, in a post-season game before 6000 spectators yesterday.

Keith Molesworth of the Bears took an all-star kickoff on his own two yard line and behind good interference ran 98 yards to score the final touchdown of the game.

Prominent horses among the Hatch collection were Sweepstaff, Ariel Cross, Cleanup and King Kong, a French importation weighted with 106 pounds for the Santa Anita Handicap.

ARCADIA—(UP)—Forty-four horses, including the entire stable of M. C. Hatch, retiring Canadian turfman, were marked for sale today at one of the largest auctions ever held at Santa Anita race track.

Kentucky-bred horses have won 51 of 63 Kentucky Derbies.

•The world will little note, nor long remember what we say here—

HOLLYWOOD—NELSON EDDY soon will sing his farewell to radio. At least, for anywhere from five to seven months. January 30, in fact, will mark Eddy's last appearance, for that length of time, on that 4-star Sunday variety hour. The blonde and (recently) jovial Eddy is going a concert touring.

While your Homer Canfield Uncle Canfield is pecking this out on the typewriter, a 24-year-old "unknown" tenor is sitting in New York still somewhat dazed by recent turn of events. His name is John Carter.

Carter has been told to pack whatever things he has and buy a ticket for Hollywood. He's afraid to move for fear that any moment now he'll wake up and find it was all a dream. For on January 30 he's to sing a duet with Nelson Eddy and be presented on the most-listened to program on the air as the show's featured singer during the famous baritone's absence.

But one thing is certain—no wonder the poor kid is stunned.

Few facts are available on Carter as we rush this on to you. Seemingly, he has been dropped into this coveted berth out of nowhere. Outside of an appearance on the "Metropolitan Auditions," he has done little professionally.

But one thing is certain—you can't be an "unknown" and shoved into a program of this calibre without having plenty on the ball. Especially when this particular sponsor doesn't seem to pay much attention to the weekly payroll turned in.

New York flashes: Carter to arrive in Hollywood either 21 or 22. . . . Good looking. . . . Small voice, combination Nino Martini-Kenny Baker quality. . . . Has fine popular style as well as classical and grand opera. . . . Was at one time a dancer. . . . Understood Metropolitan may be interested in fitting build-up and he proves himself.

And so radio has the makings of another Cinderella story in man's clothing.

Program Parade . . . Arliss "Disraeli" brought George Arliss his greatest screen fame. And it is this play the English actor has chosen for his first commercial broadcast, which, incidentally, will be his first appearance on the air in four years.

With his wife, Florence, playing Lady Beaconsfield, wife of Disraeli, he will be heard during the "Radio Theater."

At intermission time, control will be switched to New York where Major Bowes will interview Cecil B. DeMille, the program's producer, who is in Manhattan.

Immediately after signing the contract a little over a week ago, Arliss' first request was for two tickets to Grace Moore's show last Monday. It turned out that Arliss had never witnessed a commercial broadcast. And you can take it from this reporter that, parked in the center of the first row, the Arlisses were the most interested spectators there.

Hollywood Hotel—we mean the real thing on the corner of Highland and Hollywood boulevard—will be the scene of much gaiety, something the rambling old building hasn't known in many, many years.

The occasion is in celebration of the hotel's thirty-fifth anniversary, and is the inspiration of one Bob Taplinger, quick-thinking publicity head of Warner Brothers, who soon will release their screen version of the radio program, "Hollywood Hotel."

CBS will carry a half-hour of the party with Edmund Goulding, ace picture director, as emcee. All the cast of the radio and screen "Hollywood Hotel" will be there, along with Movieland's many oldtimers, who, at one time or another, lived at the now glorified hotel. (KNX, 9)

"Paradise Lost," John Milton's epic poem, is the subject with which the dramatization of "White Fires" deals. (KNX, 10:15)

A heavy round of applause is in order here, I think, for the fine acting jobs turned in each week on this show by Ted Osborn and Lucretia Tuttle.

I, for one, find it hard to realize that it is also Ted who is responsible for that spine-scraping voice heard in "The Voice of the Black Chapel" over Columbia on Thursday nights just before midnight.

While Ted Weems and his boys make a four persons' appearance, Billy Mills' orchestra will be heard with Fibber McGee. Molly is still resting and will probably not join the cast until the program moves to Hollywood in about a month. (KFI, 9)

YORBA LINDA CITRUS RECEIPTS \$500,000

RETURNS SHOW GAIN IN YEAR

YORBA LINDA, Jan. 17.—Total receipts from all citrus fruit packed by the Yorba Linda Citrus association were nearly \$500,000 according to figures presented at the annual meeting of the growers' members Saturday.

Receipts Show Gain
According to the reports of the secretary-manager, A. A. Adams, the net receipts per field box were the highest since the peak year of 1930.

The receipts from the fruit netted \$87,000 more for 1937 than for 1936, with the increase at \$31,000 more in lemons, \$52,000 in oranges and \$3000 in grapefruit. Total receipts in lemons for 1937 were \$315,000; in oranges, \$158,000 and in grapefruit, better than \$8000.

The directors named include two new members of the board, S. L. Marshall and George Kellogg, replacing B. J. Foss and Austin R. Marshall. Others named, E. K. French, C. B. MacArthur, O. J. Dyckman, Bert Shaw and James A. Small, with the new directors, will meet Tuesday for re-organization of the board.

Service Head Speaks
Speakers included F. F. Heydenfeldt, manager of the growers' service of the California Fruit Growers' exchange; A. H. Kirchmann, district manager of the Northern Orange county exchange, with which the association is affiliated and George Graham of Placentia, representative of the Associated Farmers of California, Orange county branch.

SEBASTIAN TO ATTEND PARLEY

William J. Sebastian, manager of Sebastian's Brownbilt Shoe store, left Saturday night for St. Louis, Mo., where he will attend the annual convention of Brownbilt shoe dealers to be held Jan. 18-20 in the Jefferson hotel.

Confidence that a solid foundation for complete business recovery can be built in 1938 is the theme of the conference, according to word received here by Sebastian.

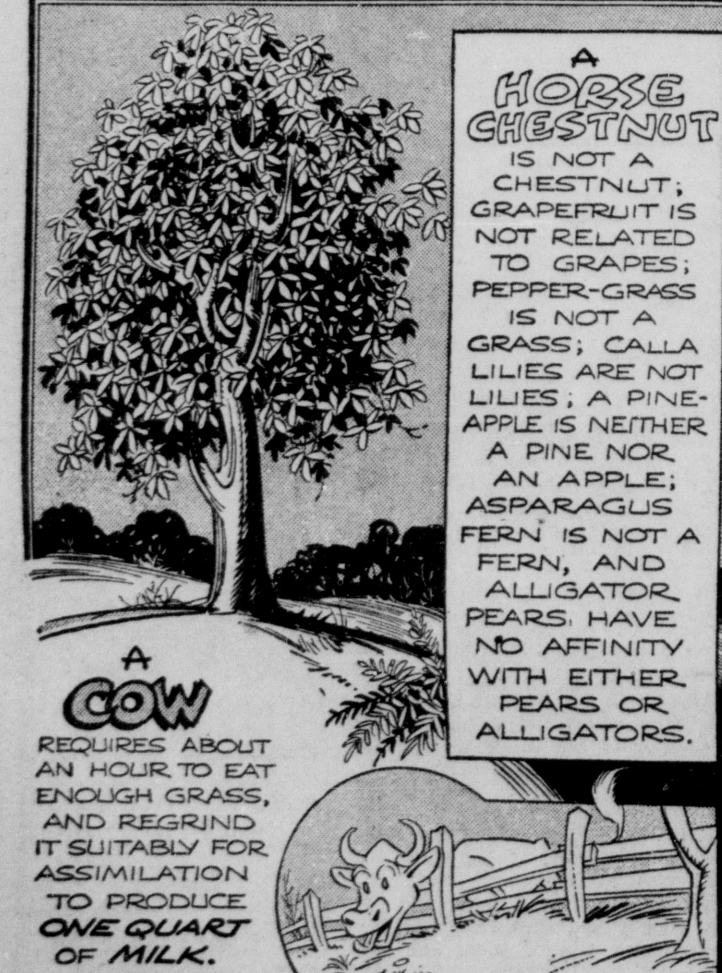

In a recent communication to Sebastian, John A. Bush, president of the Brownbilt shoe company, expressed the belief that this year will be "another for rolled-up sleeves."

"It is not yet time to relax and enjoy what we thought was returning prosperity," Bush said, "but I believe that 1938 will see a return to the inevitable fundamentals of business and government. I am certain that the period of experimentation and emergency measures will come to an end."

Contributing to confidence in the shoe industry, Bush commented, is an expectation that lower prices of hides and skin will create greater consumer values in spite of increased labor costs. Because production of shoes has lagged sharply behind consumption recently, he said, an upturn may result in a shortage of spring and summer shoes.

HELD AS "NUISANCES"
Three Orange county men, accused of standing on the streets downtown here, late Saturday night and insulting women passers-by, were booked at county jail on drunk charges. The men were Ray Devine, 22; George Klein, 21, both Garden Grove, and Donald Powers, local man. They were released pending court hearing.

PROGRAM ON EDUCATION IS ARRANGED BY ANAHEIM GROUP

ANAHEIM, Jan. 17.—A program on education has been arranged for this evening by the Parent-Teacher association of Anaheim union high school, with the public invited to take part. Orange county teachers are receiving institute credit for attending.

The event is scheduled for 7:30 o'clock at the high school auditorium. The speakers have the endorsement of the modern education committee of the California Teachers' association to speak on the theme "What Has Modern Education to Offer the Schools Today?"

NAME HUMANE ATHLETES TO BE SOCIETY HEADS

LAGUNA BEACH, Jan. 17.—Officers for 1938 have been elected by the Laguna Beach Humane Society, as follows: President L. F. Kimmel, Mrs. Helen Carter Tiffany, secretary, Mrs. Edson Seeman, treasurer. Members of the board of directors, including the officers, are Mrs. Harry Gordon Martin, Mrs. Annabelle Smealie, Councilman Randolph Bainbridge and C. Addison van Loenen, principal of the Laguna Beach elementary school.

In the 1937 report of Mrs. Tiffany, secretary, a complete review of the society's activities is made public. In addition to taking care of cases involving ill-treatment of animals, the society has investigated a number of cases in which children and juveniles have needed attention. Through co-operation of the Lions, American Legion post 222, Rotary club and other organizations, funds were made available for an emergency juvenile case; and in the annual report, adopted unanimously, due thanks are given to the assisting service groups.

The society is co-operating with the police and with other channels, in efforts to abate the wave of dog poisoning which has to date claimed over a dozen canine victims.

RIFLE CLUB USES NEW MEDAL TESTS

A new system of monthly contests for medals was inaugurated yesterday by the Santiago Rifle and Revolver club in its heavy-rifle competitions at its range in the hills near Irvine park. The day was marked by the number of good scores shot, and by improvement of club "newcomers."

E. B. Workman, of Orange, turned in the best tally for the shoot and won the Class A medal with 294 points out of a possible 300. A Class B medal will be awarded as soon as its winner can be determined.

Second high in scoring was James S. Sweet, Santa Ana, with 289. Jess Lam, of Orange, was third with 277; Howard Barres, Santa Ana, fourth with 274; Lee C. McClelland, Olive, fifth with 273.

During the coronation of King Edward VI of England the aged Archbishop of Canterbury placed the crown on the king's head backward. He trembled so from weakness that everyone feared he would drop the crown.

Accepts Post

G. Willard Bassett, above, popular Santa Ana tenor, has accepted the position of soloist at Temple Baptist church in Los Angeles, one of the largest Baptist churches in the United States.

SINGER GETS L. A. POSITION

Acceptance by G. Willard Bassett, prominent Santa Ana tenor, of the position of soloist at the Temple Baptist church in Los Angeles, was announced here today.

Resigns As Soloist
Bassett yesterday resigned as soloist at the First Presbyterian church of Santa Ana but will not make the change until the end of this month, after the dedication service at the local church.

The Los Angeles offer to the Santa Ana singer from one of the largest Baptist churches in the United States was regarded in local music circles as a significant recognition of his talent. The place at Temple Baptist church is rated as outstanding in Los Angeles.

His voice will not, however, be lost to Santa Ana music lovers, as Temple Baptist church is considering resumption of radio broadcasts which formerly marked the services of that church, held in Philharmonic auditorium, in downtown Los Angeles.

To Move Broadcast
With announcement of his acceptance of the new position, came word that his Sunday evening song broadcast over a local radio station will be moved to Los Angeles in another 10 weeks and be broadcast over the Pacific Mutual network.

Bassett's singing of old songs and sacred hymns has originated in the Brown and Wagner chapel, with Ruth Armstrong at the organ. Until the move to Los Angeles is made, Bassett will sing in the Los Angeles church on Sunday mornings only, being allowed to keep his evenings free for the radio broadcast.

MRS. MAY NICHOLS DIES IN HOSPITAL

Mrs. May Lenora Nichols, 44, 523 North Baker street, Santa Ana, who lived in Santa Ana 24 years, in California, 30 years, died at Orange county hospital Saturday, after a long illness.

Funeral services will be held Wednesday at 2 p. m. at the Winbigler-funeral chapel, with the Rev. E. L. Friend, pastor of the Full Gospel Assembly church, officiating. Interment will follow at Fairhaven cemetery.

A member of the Full Gospel Assembly church, Mrs. Nichols is survived by her husband, Clyde Nichols; three daughters, Doris F. Lucille A. and Ruby A. Nichols; one son, Robert G. Nichols, all of Santa Ana; two sisters, Miss Bertha Phillips and Mrs. Blanche Crouch, both Mystic, Conn., and one brother, Palmer Phillips, Houston, Tex. Mrs. Nichols had been ill for eight years.

A pocket knife assertedly was used in the wounding of S. J. Rivas, San Juan Capistrano, Saturday, Emilio Sanchez, 29, of San Juan Capistrano, being arrested by Constable E. T. Combs, Laguna Beach and Deputy Sheriff Harvey Gulick and Ives Brown. Sanchez said he believed Rivas and other men were following some girls and annoying them, according to police.

Arthur Sarinana, Santa Ana, was arrested by local police on a disturbing the peace complaint, early today after he assertedly broke all glass from an automobile and threatened Sarinana with a hatchet.

FORMER S. A. FIRE FIGHTER IS DEAD

Claude H. Maret, 30, former city fireman of 1469 South Orange avenue, Santa Ana, died at his home yesterday. Mr. Maret lived in Santa Ana for the past 16 years. He was a bachelor and survived by his parents, Mr. and Mrs. J. T. Maret; two brothers, Coy and Jess Maret; a sister, Mrs. Joe Hagen, all of Santa Ana, and a grandfather, T. J. Maret of Missouri.

Funeral services are being arranged today at the Brown and Wagner funeral chapel.

Traffic Death Hearing Opened

Preliminary hearing for Virgil Martin, United States Navy sailor, San Pedro, who is blamed in connection with the traffic death of Mrs. Matilda Ford, 71, Santa Ana, New Year's Day, was being held today in Santa Ana justice court before Judge Kenneth Morrison.

A coroner's jury blamed Martin, assertedly a drunk driver, and he is charged with negligent homicide.

"LOOKING AT MOON"

"Just a boy and a girl looking at the moon" was the concise report of Officers Burnette Lane and Francis Norton at 11 p. m. yesterday after a local citizen reported a car which "might be abandoned," was parked at the east end of Bachman drive, and should be investigated. The moon-struck pair was advised to carry on their love affairs elsewhere.

Police News

A bicycle and tricycle were reported missing today. Bruce Farborough, 2014 Evergreen, said his bicycle was stolen from his yard, while a tricycle valued at \$12, was reported stolen from the home of J. F. Tibbets, 709 Fairlawn.

A \$30 typewriter and \$18.50 worth of sacked walnuts, 100 pounds of them, were stolen from the C. C. Collins warehouse, Fourth street at the Santa Fe tracks, employees told police during the weekend.

Police today sought a burglar who entered the Automobile Club of Southern California office on North Main street recently. According to Manager Elmer Heidt, the burglar took no loot unless it was some 1938 automobile license plates. A checkup of the number of plates on hand will be made later.

After citizens complained, a local boy who had been hiding tires of his car in the mud of Maple street Saturday afternoon, was arrested by Officers William Nielsen and Ernest Zimmerman on a reckless driving charge.

Richest Girl in the World

CAST OF CHARACTERS
CONSTANCE CORBY—heroine; richest girl in the world.
BRET HARDESTY—hero; bridge builder.
RODNEY BRANDON—Connie's dance.
KATIE BLYN—Connie's "dog-bie."

CHAPTER X

SEVERAL weeks had passed, the snow had long since melted, the men were back once more at work on Bret's bridge, and Connie was now an integral part of her surroundings.

Each morning Bret called for her to drive the three miles to the camp; each evening drove her back. Connie loved the excitement and bustle, the mule teams with their burly drivers, the husky mountaineers with their sturdy muscles and soft drawing talk, the whistle of the freight train, unloading steel and materials, the log-cabin office with its old-fashioned wood stove, Pop Walters with his shining gray hair and invariable package of snuff. Most of all she loved the sense of being a part of the job, the feeling that she, too, was helping to "build things," to create. She could understand Bret's enthusiasm, why he felt that this was his work.

She marveled now at that girl who had laid in the big Marie Antoinette bed, missing all the freshness of early morning, not caring enough about anything to want to get up, bored with life, sick of the endless round of social activity. That girl, this new Katie Blyn felt, had been really lived at all. There had been so little justification for her existence.

She, alone, recognized other things as well. She saw that Connie's black dress, which she wore on special occasions, was entirely different from the navy suit that had been Katie Blyn's. The black dress had an air. It shouted Paris, even though Connie had ripped the label out. It made her look like a princess.

Eloise, cleaning Connie's room one day, came across something else. The dinner ring and the emerald brooch and the strand of matched pearls.

She gave a gasp of amazement, examined them more carefully, slipped them back under the fine hand-sewn linen undergarments where they had been hidden. That night when she had a moment alone with Bret in the big cheerful kitchen, where they often gathered, suddenly she asked an abrupt question:

"Do you know who Katie Blyn really is, Bret?"

"Do I know who she is?" Bret looked up from the stove at which he had been poking. "Why of course. At least I know all that's necessary. Why do you ask?"

"It doesn't matter," Eloise said in her quiet way. "I—just wondered."

"You must have had some rea-

been the beautiful, spoiled heiress to \$70,000,000.

If he fell in love with her... "All that women think of is romance," Bret had said.

But Connie had predicted that the day would come when he would find time to think of romance too. She saw the first signs, already. A new look in his dark eyes when they met hers, the way he helped her over rough places, as though she were something fragile and precious. The grim set of his nice mouth that day when one of the men had spoken roughly to her over a difference as to the number of loads he had checked in. The flush of deep crimson stealing up into his face at sight of Tim Randy, the state policeman, pompous and important in his handsome uniform, hanging about Connie's desk and trying to make a "date."

Oh, yes, Connie saw all the signs—and her heart quickened, her own blue eyes grew brighter, her pulses raced.

THERE was only one flaw in this happiness, one person who had refused to accept Connie as one of them, make her "at home": Eloise with her flaming hair, worn in a coronet of thick braids, her reticent manner, her eyes, watchful and wounded. For Eloise, too, saw these signs in Bret, recognized them.

She, alone, recognized other things as well. She saw that Connie's black dress, which she wore on special occasions, was entirely different from the navy suit that had been Katie Blyn's. The black dress had an air. It shouted Paris, even though Connie had ripped the label out. It made her look like a princess.

Eloise, cleaning Connie's room one day, came across something else. The dinner ring and the emerald brooch and the strand of matched pearls.

She gave a gasp of amazement, examined them more carefully, slipped them back under the fine hand-sewn linen undergarments where they had been hidden. That night when she had a moment alone with Bret in the big cheerful kitchen, where they often gathered, suddenly she asked an abrupt question:

"Do you know who Katie Blyn really is, Bret?"

"Do I know who she is?" Bret looked up from the stove at which he had been poking. "Why of course. At least I know all that's necessary. Why do you ask?"

"It doesn't matter," Eloise said in her quiet way. "I—just wondered."

"You must have had some rea-

son for asking." Bret looked puzzled. "See here, Eloise," he got to his feet, stood in front of her. "You don't like Katie, do you? You haven't made friends with her."

ELOISE'S eyes would not meet his. "I don't make friends easily. You know that, Bret. You are perhaps the only real friend I have."

"But you need a friend like Katie, a girl. She's tried to be friends with you; she likes you, Eloise. She's told me so."

The girl did not say anything; she was looking into the fire, rocking back and forth slowly. Then, "Why did you bring her here?" she asked. "I don't believe she's what she pretends to be. She'll never be one of us. I wish she'd go back where she belongs. I hate her!"

"Eloise!" His face was distressed; he dropped on one knee beside her chair, took both her hands in his. "You shouldn't say that. . . . You must have some reason. You must tell me what it is."

"I haven't anything to tell you," she withdrew her hands from his, her underlip trembled painfully; she would not meet his eyes. "I just know that I wish she'd never come here. And that there is something about her that is secret, something she does not want us to find out."

"But that's ridiculous!" Bret declared. His tone was almost angry. Perhaps he realized that, for the next moment he put an arm around her shoulders. "You mustn't feel that way," he murmured against the shining crown of her coppery hair. "You have no right . . ."

Eloise wrenched herself free, pushed him fiercely away. She realized now—too late—that she had done the last thing she had wished to do; awakened Bret to his true feeling toward this girl he had brought home with him. "I suppose I have no right," she said bitterly. "But just the same I'm going to tell you my reasons now. I think your fine young friend is masquerading, maybe under an assumed name. I think she's hiding more than the jewels I came across, accidentally, in her room. I think she's a pretender—worse—a thief . . ."

"How dare you say that?" Connie asked from the doorway. Her head was flung back, defiant and proud, her tone contemptuous, her blue eyes cold as an icy blue lake. Now they met Bret's.

"And you," she asked, "do you think that about me, too?"

Jimmie Fidler
...in Hollywood

HOLLYWOOD, Jan. 17.—Personal Observations Whenever Fred Astaire blows a line of dialogue, he invariably snaps his finger, whirls on one foot and steps out of the scene. The heartiest looking girls in Hollywood always have the flimsiest salads for luncheon. James Stewart has an annoying habit of letting his sentences hang unfinished in mid-air; usually his voice fades out in the middle of a word. Anne Shirley is a determined slipper kicker-offer. Life to Lily Pons seems to be a continual struggle to prevent colds—no matter how warm the set, she always is bundled in a heavy wrap.

Barbara Stanwyck's mood is always betrayed by the music she plays on her portable phonograph—jazz when she is blue or tired, classical selections when she is happy. Right-handed in everything else, Victor McLaglen deals cards with his left hand. Miriam Hopkins always reminds me of a crackling wood fire—and like most wood fires, she sometimes gives off sparks. Anita Louise smiles often, but seldom indulges in a laugh. When slender woolen socks are manufactured, they will be displayed in Hollywood upon the sturdy shanks of Tom Brown. Allan Mowbray is one of the few actors who can see the humor—when he is the victim of the joke. Doubt if Emily Post would approve of Katharine Hepburn's habit of tilting back in a chair. Harold Huber, the screen's most villainous gangster, is Hollywood's most inveterate ice-cream addict.

I would rather watch John Ford direct a dramatic scene than see the average movie. While his assistants rush about the set, putting everything in readiness for the scene, he sits neatly balanced on the nap of his neck, brooding. "All ready," order Jack Ford—and with the word whips out a fresh handkerchief. Getting one corner of it between his teeth, he masticates it thoroughly as he "lives" the scene. And I watch, fascinated, while the handkerchiefs slowly disappear. Just as I am prepared to bid it goodbye for ever, Ford pulls it from his mouth and starts shredding it in his hands. The routine is inevitable—and so is the seeming surprise with which he surveys his vandalism when the scene is finished and he has emerged from his dramatic coma. His handkerchief will must be on a par with his income tax.

Attended a preview of "Wells Fargo" with Frances Dee and Joel McCrea. In front of a drug store, near the theater, an eight-year-old newsboy was hawking his papers. Frances bought one and tipped him a dime. Fairly whooping with joy, he rushed into the drug store and emerged a moment later with a double ice cream cone. And then came disaster. He tripped, fell, and the ice cream cone rolled into the gutter. Frances, who had been chuckling at his joy, caught one glimpse of the misery written on his face, reached in her purse and handed him a second dime. He regarded her knowingly. "I don't know your name," he said, "but the way you give your money away, I'll bet you're a movie star!"

I have often commented on the hedge-podge of nationalities that makes Hollywood the world's most amazing melting pot, but today, on the set where "Dangerous to Know" is being filmed, I encountered a "broth" that tops all records. Anne May Wong, the star, is Chinese; Akim Tamiroff is Russian; Anthony Quinn is Mexican and Irish; Barlowe Borland is Scotch and Hugh Sothern is English. So much for the cast. And now, to season the mixture, consider the crew. Robert Florey, the director, is French; his assistant, named Goldsmith, is Jewish, and Ted Sparkuhl, the cameraman, is German.

Among Filmville's unsung heroes is a man named Ernest Haller, a veteran cameraman, who now spends his time inventing things. Chief among his creations is a dif-

L. A. YOUTH DROWNED OFF DANA POINT

Spain Honors Slain War Correspondents

Spanish soldiers present arms in a farewell tribute to the three news correspondents killed on the Teruel front. The flower-covered hearse is pictured just before crossing the Franco-Spanish frontier at Irun on the road to Paris. The bodies, en route to their homelands, are those of Edward J. Neil and Bradish Johnson, both Americans, and E. R. Sheepshanks, a Briton, who were killed when the car in which they were covering the battle was demolished by a shell.

SHAKESPEAREAN CLASS TO OPEN

Beginning Wednesday evening, February 2, a special class in Shakespearean Tragedy will be held each Wednesday until June 9 under leadership of Thomas H. Glenn, head of the English department at Santa Ana Junior college, it was announced today.

The class has been organized for anyone who wishes to attend, and especially for those who have no opportunity to enroll in the regular daytime classes. It will include many and varied studies of Shakespeare. The origin of tragedy, Greek and Elizabethan ideals of tragedy and the modern tragedy will also be included in the discussions.

Has Wide Knowledge
Glenn is well qualified to teach "Shakespeare Tragedy," according to Superintendent Frank A. Henderson. He has studied Shakespeare at several American colleges and universities and at Oxford university in England. Traveling widely both in Europe and in the Orient, he has also studied in France. During the past few years he has witnessed 37 performances of the Stratford Shakespearean company at the Memorial Theater in England and has seen production of 35 of Shakespeare's 37 plays. For several years he has taught courses in Shakespeare at the local college, and is a member of the Shakespeare Association of America.

FOUR MEMBERS OF JUNIOR CLUB TALK

Four speakers took part in the program presented at the last meeting of the Junior Toastmasters' club. Jocelyn Brande served as toastmistress for the occasion. Speakers and their topics were: Ruth Mathews, "Tulip Crash"; George Lippincott, "Rabbit Breeding"; Don Mozley told a story of Knute Rockne and John Geddes gave a dramatic interpretation of "An Inmate."

Critics for the program were: Ed Budd, Ben Blee, Don Crocker and Mozley.

Variety Program Ready for P.T.A.

A variety program, with discussions of parental gardens, community safety, a one-act play, and special music, will be given at the regular meeting of the Jefferson Parent-Teacher Association at 2:30 p. m. tomorrow at the school auditorium, it was announced today by Mrs. Carl Hopkins, program chairman.

"Boys for Sale" will be the title of the one-act play presented by a group of Boy Scouts. The harmonica band of the Fourth grade students will supply the music. Executive board meeting will be held at 1:30 p. m.

MISUSE OF NAME, 'RED CROSS' CITED IN LETTER TO WEHRLY

Even admirals can make mistakes, according to A. L. Schafer, manager of the American Red Cross, Pacific branch, San Francisco, who today sent a letter to Dr. John Wehrly, head of the Santa Ana chapter.

PET TALKS
By Mrs. T. J. Neal

Ben Bernie owns a tiny toy Manchester terrier, called "Killer." Killer is Bernie's inseparable companion on the movie lot. The name "Killer" was bestowed upon the tiny dog as a joke when he killed a cockroach on a Texas street.

Sir Walter Scott never liked cats until a stray came to his home. This cat seemed to have a strange appeal to him. He named it Hissie of Hissieford. In some of his writings he wrote, "Cats are a mysterious kind of folk; there is more passing in their minds than we are aware of."

Dogs must have proper exercise. They do not get exercise by merely being turned out in a garden by themselves. They want companionship, a romp with another dog, or with children. If this is impossible, take him on a lead for a steady walk on a hard wood or cement walk. These outings should be at regular hours each day. All dogs look forward to them and seem to know the time.

A canary with an undershot beak has difficulty in cracking seed or even eating soft food. Trimming the beak back is helpful but should be done by an expert with the right instruments or the beak will split. This condition is caused usually from rickets or an inherent trait; therefore, such canaries should never be used for breeding.

No domestic animal is so generally owned nor so universally loved as the dog. Pedigreed dogs today like blooded horses and cattle are found in every hamlet in the land.

Mrs. Trumpy Dies At Ranch Home

Mrs. Elizabeth Trumpy, 77, a native of Switzerland who came to California more than 17 years ago, and who has resided on a ranch west of Garden Grove for 11 years, died Saturday evening at the family home on West Lanyon Road after an extended illness.

She leaves the husband, Solomon Trumpy; two sons, Albert Suter of Switzerland and Hans Suter of Garden Grove; two step-daughters, Mrs. John O. Gupit of Garden Grove and Mrs. R. O. DuBois of Orange. She was a member of the Evangelical church in Santa Ana.

Funeral services, under the direction of the Higgenfeld Funeral Home of Anaheim, will be conducted at 2 p. m. tomorrow from the church, 10th and Main streets, Santa Ana. The Rev. C. G. Schmid, pastor of the church, will officiate and entombment will be made in the Fairhaven mausoleum.

Beach Group To Fete Area Heads

Members of the Huntington Beach Union high school Parent-Teachers' Association will be hosts Thursday at the all-day conference of the Fourth District organization and election of officers. Registration of delegates will start at 9 a. m. Luncheon will be served in the school cafeteria at 12:45 p. m. Sessions of the conference will be held in the school bungalow.

The Fathers' Council of the Association will meet at 7:30 p. m. Friday, in the bungalow, with Ray Elliott, vice principal of the high school, presiding.

"Many chapters of the Red Cross have been approached through various channels for contributions to the International Red Cross Committee for Central China," Schafer said. "Admiral Cary T. Grayson has been sending communications which have been quite improper although the misuse of the name of the Red Cross in this case was entirely unintentional."

"Flood the Country"
Schafer pointed out that many chapters have written to National headquarters for information about a committee called "The International Red Cross Committee for Central China" which is flooding the country with letters appealing for relief funds to be used in China. He said these appeals have been addressed to chambers of commerce, Boy Scouts, Rotary clubs, universities, business organizations and persons listed in "Who's Who in America."

"The committee is composed of reputable people operating with a formal charter from the Chinese Red Cross society and is said to be doing good work," Admiral Grayson said, upon being informed of the reaction. "But we hope the Chinese committee will cease using its present methods of solicitation, which is irregular and illegal, and the information is sent to assist you in answering questions in event the practice is continued."

Recruits To Be Taken Wednesday

Those who wish to join the United States Army in Hawaii may make application Wednesday between 10 a. m. and 2 p. m. in Room 207, postoffice building here, Sergeant Michael J. Joyce, station commander, announced today.

Sergeant Joyce will be in charge of enlistments. Applicants wishing to take advantage of this present Hawaiian quota are urged to do so at once as the transport Grant is scheduled to sail from San Francisco January 29. Eligibility for enlistment is restricted to men between 18 and 35 years of age, single and without dependents.

Civitan Club To See Photo Series

Photographs of the volcano Halemannau spouting fire and lava, pictures of intimate activities of President Roosevelt, and scenes of tropic beauty will be the feature of a series of movies to be presented by Major John Naton at the regular session of Santa Ana Civitan club at 12:15 p. m. tomorrow at Daniger's cafe.

Doctor Rus Morgan will serve as program chairman for the day.

'Lightest' Court Day Sees 3 Fined

In the lightest day in the city court this year and one of the lightest in the history of the court, Judge J. G. Mitchell fined two speeders Saturday. Besides the two speeders, one intoxication charge completed the activity of the court. The speeders were Leslie L. Cook, Bell, Calif., \$8; and Lupe C. Gallegos, Box 105, Indio, \$15.

'LAST CALL' IS ISSUED FOR Y. M. RESERVATIONS

This evening is the last chance to make reservations for the Y. M. C. A. annual dinner, scheduled for Tuesday evening, was the announcement today from the Y office, which indicated a good attendance of members and guests of the organization, who are especially interested in hearing the address of Dr. Ralph Lewis, recently of North China. He will talk on his impressions and experiences in the Orient. The dinner is to be at 6:30 p. m. in the Y. M. C. A. dining room, and it is open to all friends of the Y, both men and women, as well as to members.

Of particular interest in the summary of the year's work is the report on activities for boys, which will be presented by H. G. Nelson, principal of the Lathrop Junior High school, who is chairman of the committee on boys' work.

Religious Education

This report shows a total of 448 boys enrolled in 26 clubs, which held 704 meetings during the year with an aggregate attendance of 10,125. Each of these groups follows a definite line of study and discussion in the line of religious education in addition to its social and physical activities. Classified by ages and interests, there are six Friendly Indian clubs for boys under 12, two Pioneer clubs for older boys, four Hi-Y clubs, enrolling 120 members, five Mexican boys' clubs, with 121 enrolled, and nine groups centering in the Y building, with 125 members.

Last year, there were 14 teams competing in a boys' basketball league, and in this year's league there are 18 teams.

Special Events

The summer camp for boys attracted attendance of 79 at Osceola for the Santa Ana period. Many special events have been held for and by the boys, including the popular monthly father and son dinners, which have a regular attendance of about 40 each month. It was pointed out by President D. Glenn Tidball that the reports will be presented in condensed form at the annual meeting, and that the program will end at an early hour. However, he urges that reservations be made this evening by all who wish to attend.

Center To Hear Talk On Indians

TUSTIN, Jan. 17.—"Agricultural Practices of Orange County's First Residents—The Indians" will be the subject of a talk to be given by John Winterbourne, archeologist, at the annual turkey dinner program of the Tustin Farm center at 6:30 p. m. January 17 at Tustin union high school cafeteria. W. W. Tantling, president, will preside.

Entertainment will include musical selections on the accordion by Richard Snow and Alice Bradford and trumpet solos by Ronald Marsile. Frank C. Latham will give the directors' monthly report.

The center will furnish the turkey, dessert, etc. Members are asked to bring either a hot vegetable dish or vegetable salad. Members are asked to make their reservations as soon as possible by telephoning Mrs. Charles Whitney, 327 E.D. or 4506. Otherwise, they are asked to drop a card to the Farm Bureau, 353 South Main street, Orange, stating number of reservations desired.

Hold Funeral Of William F. Hazard

SAN CLEMENTE, Jan. 17.—Funeral services for William F. Hazard, 81, who died Thursday, were held at Dive's Funeral home Saturday afternoon. He was visiting in the home of Mr. and Mrs. Roy Larson in Laguna Beach when stricken with paralysis Thursday morning. He is survived by a daughter, Mrs. Ida B. Denning, of Altadena.

The Rev. Earl R. Barber, pastor of San Clemente Fundamental church, officiated at the funeral service. Mrs. O. R. Robertson sang "Asleep in Jesus" and "In the Garden." Miss Jackie Robertson was organ accompanist. The remains were taken to Corona for interment. Mr. Hazard was born in Providence, Rhode Island and spent his later years in California, having been a resident of San Clemente 10 years.

TWO MEN HELD AS FORGERS OF CASH ORDERS USED IN COUNTY

Stolen American Express company money orders, six of which were formed and passed in Orange county, resulted today in the arrest of Smiley R. Rhoades, 37, and William Friedlander, 33, in Los Angeles.

Dean Fasts Year

The arrests were made through efforts of W. J. Purcell, special agent for the company, according to Detective Lieutenant Charles Wolford of Santa Ana, who has been investigating the passing of the forged checks here.

"Jack Giesler"

The men assertedly passed checks here as follows: Fullerton Drug store, Fullerton, \$35; Wilkinson Drug store, Fullerton, \$35; Orange County Drug company, Anaheim, \$40; Rawson Pharmacy, Laguna Beach, \$40; McCoy Drug company, Huntington Beach, \$40, and Safeway Store, West Fourth, Santa Ana, \$35.

The check passer used the name of Jack Giesler, on a check purportedly made out by Claude Kingston. The crimes assertedly were committed October 16, 17, and 19, 1937. The blank checks were taken from 5100 Hollywood boulevard, Hollywood, a sub-office of the express company in charge of H. O. Thomas.

Face Six Counts

On October 2, 1937, the pair assertedly bought checks, located the blank checks in the office, then returned later and while the clerk was kept busy by one man, the other stole 10 blank checks and \$500 cash at the rear of the store. The men, reportedly, have operated similarly, at several branch offices of the express company.

A "hold" order was placed on the men here and they will be prosecuted on six counts here, after Los Angeles authorities dispose of their cases.

Tustin P.T.A. Work Outlined

TUSTIN, Jan. 17.—Twenty delegates and alternates to attend the district meeting January 20 at Huntington Beach were appointed by the Tustin Grammar school P.T.A. president, Mrs. O. W. Householder, at the executive board meeting held recently.

Various future welfare activities were discussed and the organization voted to pay for the draperies in the new library room. Announcement was made that the topics to be discussed at the next parent education class Friday 18 are "Psychology of Day Dreaming," "Inferiority Complex - Extroverts and Introverts."

Refreshments of cakes and tea were served by Mrs. Householder and Mrs. J. Worth Alexander. Those present were Superintendent and Mrs. E. E. Harwood, Mesdames O. W. Householder, R. R. Caldwell, Nellie Thompson, R. R. Perry, E. J. Franzen, Gertrude Etzold, J. Worth Alexander, Joe Burke, John Marson, Forrest Collier, R. C. Korff and Miss Cora Thompson.

Yuma Wedding Of Couple Revealed

GARDEN GROVE, Jan. 17.—Relatives and friends have received announcements of the marriage of Miss Frances Woodward, daughter of Mr. and Mrs. H. W. Woodward, of Long Beach, and Stanley Clark, son of Mr. and Mrs. W. C. Clark, of Brookhurst road, January 12 in the parsonage of the First Methodist church at Yuma, Ariz.

The ceremony was performed by the Rev. E. Summers, pastor of the church. The bride wore a black crepe dress with black accessories. They were unattended.

Following a honeymoon trip to Mexico the young people have established their home at 237 West street. Mr. Clark graduated with the class of 1933 from the Garden Grove High school and is owner of a service station on Garden Grove boulevard. His bride graduated with the class of 1934 from Woodrow Wilson High school in Long Beach and later attended Long Beach Junior college.

Mrs. Mary E. Webb Rites Tomorrow

FULLERTON, Jan. 17.—Funeral services for Mrs. Mary E. Webb, 73, of Brea, are to be held at 2 p. m. Tuesday from the McAulay and Suters' funeral home here, with the Rev. B. H. Blanchard of the Brea Baptist church officiating.

Mrs. Webb, who had been a resident of Brea for 15 years, is survived by her husband, George Webb of Brea, and a son, S. L. Roberts of Illinois, as well as a daughter and a brother in the east. Interment will be at Loma Vista memorial park.

HUNT FOR BODY STARTS AFTER BOAT CAPSIZES

Orange county authorities today were seeking the body of Orville Creep, 22, Los Angeles, off of Dana Point following his drowning yesterday.

According to Creep's companion, Clifford Watson, 22, Torrance, who escaped death by swimming to shore from their capsized rowboat, a wave capsized the boat and Creep lost his life by attempting to save the boat.

Cut and Bruised

He was cut and bruised when waves hurled him against a rocky island just off shore. Police radio broadcast and navy signal code were brought into use uniquely during the hunt yesterday and last night.

Sending out messages from the sheriff's office car in charge of G. F. McKelvey and James Musick at Dana Point, the men made contact with Newport Beach police who have a receiving set only.

Newport Beach police then contacted the county's police radio station, KGHX, in Santa Ana and radio operators at that station, re-broadcast to a Coast Guard patrol boat which was engaged in the search.

Signal Coast Guard

Herman Lenz, California highway patrol officer and ex-navy man, with a flashlight, used the navy's code, also, from shore, to signal the coast guard boat.

Thomas Bouchee, harbor master at Newport, also assisted in the hunt. Coroner Earl Abbey said an inquest awaits finding of Creep's body.

C. OF C. MOVES TO TEMPORARY HEADQUARTERS

With the new Santa Ana Chamber of Commerce building scheduled for completion within 60 days, the organization today was moving into temporary quarters at 109 East Fifth street.

Howard I. Wood, secretary of the chamber, said he expects to have the move completed by tomorrow. The chamber's lease on its present building expires Feb. 1 at which time the county will complete purchase of the building on the courthouse annex, by payment of the \$3500 purchase price agreed upon by directors of the chamber and members of the board of supervisors.

Welfare Department
The building, when evacuated by the chamber of commerce will be turned over to the county welfare department. This department has been occupying a major portion of the building for more than a month.

The new chamber of commerce building is being constructed on property, on Church street, opposite the Hall of Records, leased from the Y.M.C.A. Wood said that the building probably will be ready for occupancy by March 1.

Mexico's Lure Described For Museum Guests

"The Lure of Mexico," as expressed yesterday afternoon by Mrs. Norton Gaston (Jeanne Ann Kay) in a fascinating talk at Bowers Memorial Museum, was strongly concerned for the second floor auditorium and its anteroom were crowded to overflowing. Several dozen guests were disappointed at not being able to find place, for even standing room was at a premium.

Mrs. Gaston, introduced by Mrs. P. E. Coulter, museum curator, addressed her audience in a personal and intimate manner as though she might be talking to a single friend rather than to scores of strangers.

She detailed those experiences of her own recent "vagabond tour" of the neighboring country, presenting them as answers to hypothetical questions regarding fears. These fears were of finances—or their lack—of contacts with natives, of an unfamiliar language, of travel conditions, especially those second class accommodations such as she herself had utilized.

One by one, such fears were dissipated, until her auditors were convinced of the simplicity, safety and charm of such a trip as hers. With this assurance they were given a graphic picture of the land, its people, its cities and rural districts, with a glance at its romance and its history as embodied in the heritage left by the mysterious Mayan and Aztec races. Much of her talk elaborated on features described in The Register during her absence.

Furthering the effect of the talk were the many fine examples of weaving hung on the auditorium walls, the curios which Mrs. Gaston displayed, including one of the strange shrunken heads from Ecuador, and the quantity of costume members of Beta Sigma Phi sorority acting as ushers.

Pair's March Wedding Plans Inspire Party

Assembling a little group of guests Friday evening in their home, 1117 West Walnut street, Mrs. and Mrs. Gaylon Hughes paid a pre-nuptial courtesy to Miss Audrey Steele of this city and Robert E. Brown of Los Angeles, who will be married March 13.

Others in the party were Mr. and Mrs. C. E. Gilmore, Mr. and Mrs. Porter Perry, Miss Mienome Wilson and William Bland.

Bridge was played informally during the evening. Fruit cake, jelly and punch was served. Clusters of holly brightened the rooms for the event.

FEBRUARY FORMAL

Their first annual February formal is in the process of planning for Santa Ana chapter De Molays, whose members anticipate a gala event on the night of Saturday, February 12 at 9:30 o'clock at Santa Ana Country club.

Clyde Piles, general chairman, is assisted by workers including Bob Luxembourg, in charge of arranging the setting; Tom Trawick, floor show; Harris Dalbey, refreshments; Shelly Horton and Francis Davis, advertising and tickets.

Lee Mann's orchestra will play for the affair. Since only a limited number of tickets are available, members and guests planning to attend are asked to make their arrangements at an early date.

DAY IN PALM SPRINGS

Palm Springs and its mid-winter charm was chosen by Mr. and Mrs. J. Ross McCleure, as the first point of Southern California interest to which to take their houseguests, so recently arriving from the east. So yesterday was devoted to this pleasant motor trip, which complemented Mr. McCleure's mother, Mrs. Clara McCleure of Canton, Ill., and his brother-in-law and sister, Mr. and Mrs. David Peterson of Galesburg, Ill.

The three easterners arrived in Santa Ana Thursday and will make an extended visit to the McCleure home, 2476 Riverside Drive.

Distinguished Visitors From Other Museums Come For Lecture

Several distinguished guests were entertained at Bowers Memorial Museum yesterday afternoon at the reception and address featuring Mrs. Gaston Norton (Jeanne Ann Kay) and her recent return from Mexico and Panama. Among these special guests were Dr. and Mrs. Harrington of San Fernando, and Dr. and Mrs. Henry R. Wagner of Pasadena.

Dr. Harrington is curator of the Southwest Museum in Los Angeles, and is a frequent visitor at Bowers Museum. Dr. Wagner likewise is frequently in attendance at Museum events, and is recognized as one of the best bibliographers of the Pacific coast. He came from Berkeley to establish the bibliography department at Huntington Library, and has as another bid to fame, the authorship of many books of special historical value.

Mrs. Wagner, who will be better recognized by her professional name of Blanche Collet Wagner, provided one of the most interesting of the many Bowers Museum addresses, when she talked recently on women's headresses in history, displaying the paintings from which her book on that subject was illustrated. She is now completing illustrations for a similar book on ancient Mayan and Aztec headresses for which she did research work amongst the ruins and ancient cities of Mexico and Panama.

She promised yesterday, to return to the Museum at an early date for a talk on this book and her experiences. Her latest book is "The Streets of Mexico," just released by the publishers, and considered a very fine translation of a Spanish book on the subject. In fact that Mexican government sent her a letter of fine praise for the understanding which she brought to the task of translating the volume. With characteristic modesty, Mrs. Wagner disclaimed the praise, asserting that the clearness of her translation was due to her knowledge of the Latin races and tongue, because of her own French ancestry and background.

Bowers Memorial museum has among its many artistic treasures, the original of one of the paintings used in illustrating Mrs. Wagner's book on historic headresses, presented by her the title of her appearance here on a Sunday afternoon program.

College Events

Merry Party
Covered dish supper, a scavenger hunt and dancing made up Friday night's program for one of the informal parties at which Junior College Spinners and Las Gitanas meet each semester.

Each member of the two groups had asked a guest to join in the gayety, and these guests escorted members to the two homes where supper was served, that of Miss Josephine Flaherty, 702 South Broadway, and Miss Mary Henderson, 2441 Riverside Drive. The merriment of the scavenger hunt followed after which the whole party came together for dancing at Irvine school where refreshments were served and scavenger hunt prizes awarded.

Winners of these prizes were the Misses Marjorie Kenyon, Mary Henderson, Barbara Warner, Elynor Luz, Messrs. Nolan Rasher, John McBride, Paul Christ and Vincent Wentz.

Others participating in the gay affair were the Misses Jo Flaherty, Betty Bradley, Helen Meyer, Florence Nelson, Mary Perkins, Helen Moore, Mildred McCleure, Evelyn W. Betty West, Donita Jordan, Eleanor Cogan, Ethel Chaffee, Helen Warner, Wanda Todd, Jayne Nalle, Justine Krock, Margie Lee Brown, Elaine McReynolds, Virginia Scott, Virginia Wilson, Jane King, Gloria Kirchner, Delpha Wollert, Lou Ella Pierce, Anne Wetherell, Carolyn Davis, Virginia Pritchard, Peggy Paxton, Jeanne McDonaugh, Polly Anglin, Virginia Shepard, Barbara Kuth, Catherine Eklund and LaVonne Cranston and Messrs. Patrons and patronesses included the Misses Hazel Dawson, Muriel Anderson, Carol Erskine, Mrs. Grace Knipe and Mr. and Mrs. Harold A. Moomaw.

Beta Gamma Meets
Initiating four new members into their organization, members of Beta Gamma, Junior college honorary society, met Friday night with their advisor, Calvin C. Flint, 1927 Heliotrope Drive. New members were the Misses Elaine McReynolds, Virginia Scott and Virginia Shepard, with Jack Gardner. Initiation took the form of three-minute speeches on humorous subjects.

At a business meeting conducted by Dick Phillips, president, plans were made for a club booth at Jaycee's Penny Fair, and an additional booth for the college. A bouquet of desert holly interspersed with shining red balls centered the table from which refreshments were served at the evening's close.

Sixth Household Economics section of Ebell society will meet Friday in the clubhouse for a 12:30 o'clock luncheon. Members are asked to telephone their reservations either to Mrs. George Munro, 723-J or Mrs. G. E. Burns, 4752, or the hostess group completed by Mrs. F. W. Wiesseman.

FRIENDLY EIGHT
Yellow and green was the motif which Mrs. Curtis Allen observed in details of a dessert bridge event at which she entertained Friendly Eight club Thursday afternoon in her home, 131 Bachman Drive. Her sister, Mrs. Harold Maylen assisted.

The dessert itself furthered the chosen color theme, as did the candles and greenery centering tables. Sweet peas and narcissus were included in decorations.

Mrs. C. F. Leitloff and Mrs. William Wollaston won first and second prizes in contract play, while Mrs. John Vernon received gallantry award. Others present were Mesdames Frank Patrick, George Palmer, G. G. Kiburn, Charles Rumel, Harold Maylen and the hostess.

Sigma Kappa Alumnae Complete Staff Of Officers

Although Orange County Sigma Kappas have been holding meetings at intervals for the past few months, it was not until Friday afternoon that the group completed organization as Orange County Sigma Kappa Alumnae club.

The meeting was held in the home of Mrs. William H. Wright, 2320 Riverside Drive, where Mrs. Wright and Mrs. William Wollaston were co-hostesses.

Mrs. E. L. Hull, who previously had been chosen president of the group, was given a corps of assistants including Mrs. E. E. Knipe, vice-president; Mrs. James Workman, secretary-treasurer; Mrs. Margaret Ockles, magazine representative.

Mrs. Warren Cathcart was elected delegate to a committee on arrangements for a regional conference to be held in April at University of California at Los Angeles.

Mrs. Elsie Daly poured tea during the social interval with which the affair was concluded. Others present were the two hostesses and Mesdames W. B. Heil, E. L. Hull, E. E. Knipe, James Workman, Santa Ana; Mrs. Margaret Ockles, Orange; Mrs. Morgan A. Weston, Balboa; Mrs. Warren Cathcart, La Habra Heights; Mrs. Ivan Morris, Fullerton.

The next meeting will be held Friday, May 13 in the home of Mrs. Cathcart.

CLUB LUNCHEON

Mrs. Aldrie Worswick entertained at Danigers Thursday afternoon when bridge club members were her guests at a pretty luncheon served at a long table.

Forming the party with the hostess were Mesdames Walter Waldron, A. P. Trawick, T. R. Trawick, B. V. Curry, Earl Wright, Dan Maloney, John McCarty, R. A. Sherman, Cotton Mather, all of this vicinity; with Mrs. Louis Sawyer and Mrs. Foster Lamm, Whittier.

FAREWELL DINNER

As the last get-together before returning to his studies at University of California, Bob Speed entertained a group of friends Thursday evening at a supper at his home, 2315 Santiago street. He left the following morning for Berkeley.

Those attending the affair included with the host, Bob Alexander, Carl Aubrey, Bill Keeton, Phil Dowds, Frank Was, Jack Millman, Ted Johnston, Bob Pannell and Jim Maynard. The crowd spent the remainder of the evening at a movie.

PRACTICAL TIE RACK

Does your husband have three dozen ties? Then there's just the sort of tie rack so that he can see at a glance the right tie for the right shirt, socks and handkerchief. Consists of three chromolium bars, the two side bars hinged in the center so that the entire rack will fold back flat against the door or wall to which it is attached. Each bar is divided into twelve sections by small upright pins, so that the neckties cannot slip sideways, but remain each in its own particular place.

DRESS TABLE TRICKS

An ultra-feminine dressing table can be made with very little cost from an unfinished table. A glass top and a double-hunged white organdie "skirt" do the trick.

Massachusetts has an annual catch of 375,000,000 pounds of fish, valued at \$9,500,000, and leads all other states in the Union in this respect.

Equestriennes Plan Gymkhana for May 14

Bringing one of the first gymkhanas to Santa Ana, Junior Ebell riding section members will present a series of events on the afternoon of May 14 at Parkmouth Stables, where the young women meet twice weekly for riding.

Plans for the event were announced today following a meeting of the group Friday. Riding from the Stables in the morning, section members then went to the home of Mrs. Bernard Parker, 2463 Heliotrope Drive for buffet luncheon with Mrs. Edmund West as co-hostess. Mrs. Chester Horton assisted in serving.

Mrs. John Scripps, section leader, will supervise arrangements for the gymkhana, which will begin at 1:30 p. m. Cooperating with the group in staging the event will be Junior Ebell Travel section, whose members will take charge of concessions. Miss Mildred Spicer is leader of this group.

The next riding session will be held Friday, January 28 at 2 p. m.

Husbands Are Guests At Section Event

Adding to the enjoyment of a program which First Presbyterian Ladies' Aid Southeast section members gave in honor of their husbands Thursday night, was a travel talk by A. J. Lasby. He told of his recent journey through Japan, China and Russia.

The fellowship rooms were setting for the affair. G. Willard Bassett sang "Calm as the Night" and "Down the Oregon Trail," accompanied by Miss Ruth Armstrong.

Refreshments were served from a lace-spread table centered with sweet peas and lighted with pink tapers. Mrs. A. J. Beckman and Mrs. C. N. Archer poured.

Mrs. H. M. Currey was general chairman of the party. Others on the committee were Mesdames Susie Bryant, A. E. Koepsel, E. F. Gaebe, Margaret Suddaby and C. H. Milner.

You and Your Friends

Mr. and Mrs. Merrill D. Grivel have as guests in their Newport Coast home, Mr. and Mrs. Robert P. Smith of Petaluma, who are taking a Southland tour on vacation from duties as proprietors of the Polly Ann Auto court on the outskirts of Petaluma.

Mr. and Mrs. Samuel Thompson Ross, who returned recently from their honeymoon trip to Seattle, Wash., have taken up residence at Fruit street and Eastwood street. Mrs. Ross was Miss Lois Bruner, succeeding her wedding, which took place in Santa Ana late in December.

Mr. and Mrs. P. N. Chapin of San Diego, spent the week end with their son-in-law and daughter, Mr. and Mrs. Eugene Anderson of this city.

PANAMA CANAL TRIP

Many Santa Ana and Laguna Beach friends of Mrs. May Curtis, 222 South Main street, and her daughters, Mrs. Mildred Sutton and Mrs. Ethel Burns of Our Village, were at Los Angeles harbor last night to bid bon voyage to the three on their departure as passengers aboard the S. S. California, for New York.

The mother and daughters were anticipating the trip through the canal with its stop at Havana and also a several weeks' stay in Florida. On the homeward journey they will spend two weeks in Mexico City, and will make it a sight-seeing outing in every respect as they do not plan a return until early April.

BIRTHDAY SURPRISE

Mr. and Mrs. Russell Macy were surprised last night when a group of friends arrived at their home on Fairhaven avenue for an informal celebration of Mr. Macy's birthday.

Games and music were enjoyed during the evening, which reached a happy close with the serving of two-course supper. Dessert included decorated birthday cakes baked by Mrs. Warren McCarty and Mrs. Otis Miller.

Present with the Macys were Mesdames Mesdames C. C. Benford, Warren McCarty, Otis Miller, Ray Gardell and Mrs. Nell Miller.

Evening Bridge Event Attracts Many Country Club Members

Eucalyptus sprays starred with feathery blossoms adorned Santa Ana Country club Friday night for a bridge party to which added pleasure was given by the down-pour of rain forming a muted accompaniment for the festivity within the clubhouse, where eleven tables of cards were in play.

A blazing fire on the wide hearth contributed to the hospitable setting arranged for this monthly affair for members and their guests. Mr. and Mrs. George Baker and Mr. and Mrs. C. P. Boyer were hosts. Assisting them during the evening were Mr. and Mrs. Don Andrews, since Mrs. Andrews is general chairman of all Country club events for this month.

Mrs. H. T. Dunning and C. V. Davis held the two highest scores in bridge, while Mrs. Davis and Mr. Dunning were awarded for their second high honors. Special prizes went to Mrs. George Perkins and to a guest, Ray Roberts of Brea.

Ranunculuses, stocks and snapdragons were mingled in the colorful bouquet centering the table from the cakes, coffee and chocolate were served. After this pleasant interval, guests lingered on to enjoy the hospitality which proved such an outstanding success in club annals.

Plans were announced for a monthly tea to be held Friday at 2 p. m. in the clubhouse. Buffet luncheon will be served at noon, with reservations to be made by those planning to attend. There will be the usual buffet supper tomorrow night with Mr. and Mrs. Frank Briggs as hosts.

Layette Shower Given For Hostess' Daughter

Mrs. C. W. Crumrine received an array of layette gifts the past week from a group of friends assembled for a shower in the home of the honoree's mother, Mrs. W. A. Butterfield, 1115 West Myrtle street.

Packages for Mrs. Crumrine were heaped around a miniature layette which centered the dining room table. Early hours of the evening were devoted to Hollywood bridge play, with Mrs. N. W. Morgan and Mrs. Thomas Brooks winning prizes.

Pumpkin chiffon pie topped with whipped cream was served to the group, who included the hostess and her honor guest, Mesdames A. E. Crumrine, N. W. Morgan, Jerry Phillips, Ruth Lange, C. V. Bullock, Henry Johnson, Stella Teel, Thomas Brooks and Miss Patsy Johnson.

THE CITADEL REVIEWED

A. J. Cronin's "The Citadel" was subject of a book review given by Mrs. E. D. Froeschle when the Friday Book club met with Mrs. R. I. Matthews, 2409 North Main street.

Following Mrs. Froeschle's review was a discussion hour devoted to consideration of modern books. The hostess served iced orange juice as climax to the gathering.

Members present included Mesdames Charles Blackburn, M. R. Daughters, Fred E. Eare, E. C. Franson, E. D. Froeschle, J. H. Bower, A. H. Theal, F. R. Schweitzer, Harvey C. Maxwell and Clarence Bond.

TO SAN DIEGO

Several Santa Ana Girl Reserve advisors, and the secretary, Miss Marjorie McCulloch motored to San Diego Saturday to attend a two-day round table event which Southern California Girl Reserve leaders held in the Y. W. of that city.

Completing the group were Mrs. Herbert Thomas and the Misses Maxine Knight, Helen Hicks, Ella Barnes, Clara Spelman, Roberta Nichols, Margaret Standish.

EVENING OF BRIDGE

Mrs. Charles Kendall, Jr., received members of her two table bridge club Thursday evening in her home, 311 Cypress avenue. Dessert was served at the close of card play in which Mrs. Joe Cornelius and Mrs. Harold Vieira held the two highest scores.

Others present were Mesdames Ralph Adams, George Horton, Edward Sugden, Howard Anderson and Frances Edmunds.

The Barrs Are Hosts To Pair From Colorado

Recent arrival of Mr. and Mrs. William Barr of Denver, Colo., for a Southland visit has occasioned plans for many pleasant affairs, with the first general family reunion taking place Saturday night in the home of Mr. Barr's uncle and aunt, the O. H. Barrs, 1608 North Main street.

Yellow predominated in decorations for the informal dinner. Motion pictures of the group were taken during the evening shared by relatives from this community and neighboring points.

With the O. H. Barrs and their houseguests, Mr. and Mrs. William Barr were Mr. and Mrs. Wilbur Barr of this city; Dr. and Mrs. Lealand Hunicutt, Pasadena; Mr. and Mrs. La Verne Knox, Mr. and Mrs. Charles Barr, the Misses Mabel and Margaret Barr, Whittier; Mr. and Mrs. Wilbur Atherton, Glendale; Mr. and Mrs. Horace Mickle, Los Angeles. Mrs. Mickle is the former Miss Frances Barr, and she and her husband remained as overnight guests in the home.

The Denver residents and the Charles Barrs spent Saturday at Palm Springs.

Aboard Ship

Mrs. Wilbur Barr's brother-in-law and sister, Lieutenant and Mrs. Henry Armstrong planned a special little dinner party soon after the Coloradoans' arrival here, entertaining aboard the U. S. S. Oklahoma just off Long Beach. The affair followed a tea at which Mrs. Armstrong presided in her Long Beach home.

The Wilbur Barrs motored to the beach city with Mr. and Mrs. William Barr, enjoying the event with Captain and Mrs. Jacobs, Miss Winnie Fred Jacobs and Lieutenant and Mrs. Mackland of Long Beach, all prominent in navy society.

LITERATURE SECTION

Discussing at length the Sino-Japanese situation, Mrs. E. E. Smith of Anaheim was speaker Friday afternoon at a meeting of Ebell Modern Literature section in the home of Mrs. Wilbur Barr, 701 East Santa Clara avenue.

Mrs. Barr, Mrs. Elsie Dahl, Mrs. D. A. Harwood and Mrs. Hiram Curry were hostesses. Their decorations included quantities of lavender and blue blossoms arranged throughout the rooms, with the same color motif prevailing at the tea table. Pouring were Mrs. M. B. Wellington and Mrs. Lloyd Chienoweth.

To Santa Ana for
Y. W. Event

Miss Yang Ling Fu, poetess, painter and lecturer who is here from Peking, China, will be speaker next Friday afternoon at the benefit program which Santa Ana Y. W. C. A. will give in the Gustafson studios on North Sycamore street.

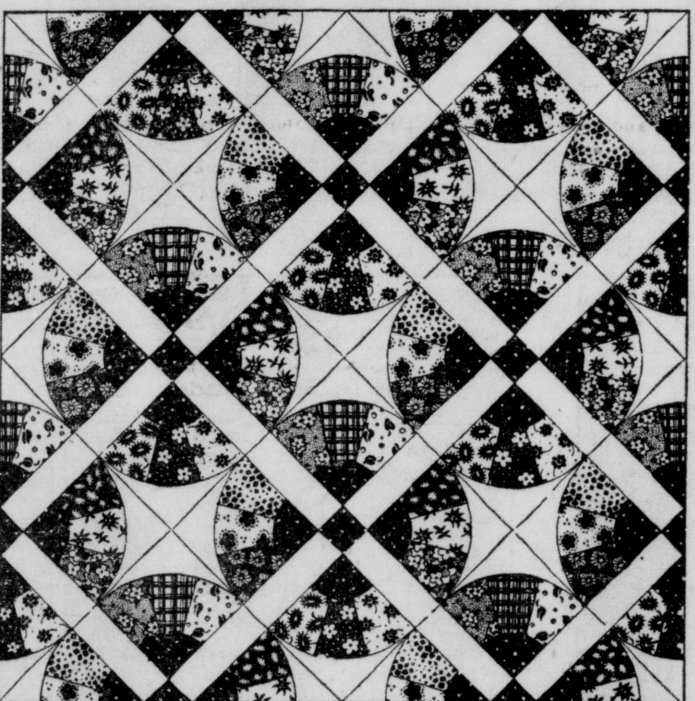

The address will take the place of the musical previously announced for that afternoon as the studio program in a party series. The noted Chinese woman is vice president and curator of Peking museum, and has been giving instruction on Chinese painting at Berkeley. She is a close friend of Mary Ferris Swan of Pasadena who has appeared on various programs at the Gustafson studio in the past.

The program will come as one of several events taking place Friday afternoon when the Y. W. C. A. will provide varied entertainment to raise funds for young Chinese girls.

GUEST COMPLIMENTED
Plans of Mrs. Ray Price to leave today for her home in Gering, Neb., after a visit in Santa Ana, her former home city, inspired a farewell affair at which she was feted Friday afternoon when Mrs. Richard Paget received in her home, 801 South Park street. The hostess observed a spring-time theme in decorative details for luncheon. Prizes in contract bridge play went to Mrs. Charles Wolfe and Mrs. John Turton. There was a guest award for Mrs. Price. In the group with Mrs. Price and Mrs. Paget were the honor guests' mother, Mrs. R. C. Strotman and Mesdames J. P. Cozad, E. G. Maier, William Nielsen, John Turton and Charles Wolfe.

Church Societies

Hoysters
Shuffleboard and Chinese chess provided enjoyment to United Presbyterian Hoysters following covered-dish dinner Friday night in the church. Sweet peas and tapers decorated the tables.
Mr. and Mrs. Emory Simon and the Paul Elys were hosts, sharing the affair with Messrs. and Mesdames A. J. McFadden, W. W. Hoy, T. Grey Johnston, Don Hillyard, Lyle Sherwin, R. Carson Smith, Maurice White, Ralph Raitt, Frank Hanson, Herbert Klotzley, Harold Finley, William Echols and son, Billie, and Mrs. Mildred Hill.

LATE NEWS OF ORANGE AND VICINITY

RUTH CHILDS.
H. C. ZEHN WED

ORANGE, Jan. 17.—A wedding of interest was that of Herbert C. Zehn, 344 Glassell street, son of Mr. and Mrs. William Zehn of this city and Miss Ruth Lenora Childs, 346 North Glassell street, daughter of Mr. and Mrs. Clyde A. Childs of Oklahoma and Kansas, the services being read at the Santa Ana Wedding chapel Sunday at 10 a. m. The Rev. Earl C. Bloss was the officiating pastor.

Preceding the service Mrs. Pearl Vaughn, aunt of the bride, sang, "I Love You Truly" and "When Song is Sweet," accompanying herself on the piano. Miss Mary Rossini was maid of honor and the best man was Arthur Sherman of Los Angeles.

The bride was very lovely in turquoise blue crepe with which she wore navy blue accessories, while Miss Rossini wore a frock of the same color with black accessories. The bride's bouquet was of white roses and her attendants wore of yellow roses. Fifteen guests were present.

The newlyweds left for a motor trip to Oklahoma where they will visit the parents of the bridegroom. They will return here for a short visit with the parents of the bride before leaving for the north to establish their home on a ranch which Mr. Zehn owns.

ROTARY FETE PLANNED

A civic day program, with City Attorney Lew Blodgett as speaker of the day and Mayor Fred Rowley as program chairman, will be the feature of the regular meeting of the Santa Ana Rotary club at 12:15 p. m. tomorrow at the Masonic temple. John McCoy will preside at the meeting.

DR. BAKER TO SPEAK

Dr. Margaret Baker of Santa Ana will be the principle speaker tomorrow night at the Unitarian church forum, it was announced today. Dr. Baker will give a report on her summer visit to Mexico. The meeting will start at 7:45 p. m.

CONCERT RECITALS
TO BE GIVEN SOON

Manager L. E. Behymer today announced two brilliant musical events coming to the Philharmonic auditorium next week which will be of interest to all music devotees. Ethel Bartlett and Rae Robertson, the internationally noted piano duo, will be heard in recital Thursday evening, January 27. They gave their first joint recital in 1927. Much to their surprise, it was an unqualified success. Here seemed a solution of their difficulties which they promptly accepted. The rest of their story is one of amazing success.

While theirs is no new art, it is an art that has been neglected. If they have done nothing more, they have opened up for the enjoyment of musicians a rich treasure house of music.

TWO NEW TEACHERS SIGNED
BY HIGH SCHOOL TRUSTEES

ORANGE, Jan. 17.—Two new teachers have been hired by the Orange union high school board. Harold Kibby will be employed as a teacher in the commercial department and Leon Z. Metcalf will be employed one day each week to organize and teach a high school band.

Kibby will replace Miss Helen Frances DeFaul, who has been a substitute in the department since the resignation of Theodore Anderson, who left early in the school year to accept a position in San Bernardino. He has been doing graduate work at U. S. C. and until entering the university this fall for this purpose, had been a teacher in the San Jose schools. He is a graduate of the San Jose State Normal school.

Metcalf is from Pasadena and is a graduate of the University of Michigan. He has taught band and orchestra in Grand Rapids, Mich., and the University of Montana. Both will assume their new duties the first of February.

BREAKFAST OF
CLUB JAN. 22

ORANGE, Jan. 17.—A number of plans made by members of the Junior Woman's club at a recent meeting will provide interesting entertainment for the members and their friends on a number of occasions. The first event will be a breakfast in the home of Miss Maxine Watson January 22 which will be followed by a horseback ride.

A Valentine dance will be an event of next month and all high school students are to be invited to attend. Miss Margaret Faerber and Miss Eileen Faerber are to be in charge of placing a number of signs at the De Molay dances and in a number of county high schools.

Miss Mary Bryant will plan decorations.
During Easter vacation a beach house will be rented and a house party will be staged. Chaperones will be secured by the executive board. Miss Betty Hobbs heads the group as president and Mrs. M. L. Reed as advisor.

Conduct Funeral
Of Orange Child

ORANGE, Jan. 17.—Funeral services were held Saturday afternoon for Gordon L. Wells, eight-year-old son of Mr. and Mrs. George W. Wells, of 272 North Center street, who passed away Friday. The Rev. Myron C. Cole, pastor of the First Christian church conducted the service and he was assisted by the Rev. Frank Stipp, of Brea, an uncle of the child.

Miss Phyllis Kogler sang two solos, with Mrs. Florence Donegan as her accompanist. Interment was made in the family plot at Fairhaven cemetery. Pallbearers were four uncles, Frank and George Wilson and Melvin and Willard Wright.

Laguna Actress
Receives Ovation

LAGUNA BEACH, Jan. 17.—June Storey, Laguna Beach girl, who has made rapid progress in motion pictures, was given an individual ovation at the premiere of "Chicago," screened at the Four-Star theater, Beverly Hills. Miss Storey, who is cast opposite Tom Brown in a strong supporting role, does outstanding work in a picture filled with thrills and spectacular moments.

Starred in the picture are Don Ameche, Alice Brady, Alice Fay and numerous other top-notch stars of the cinema.

June Storey, passing through the huge crowd that encompassed all approaches to the theater, was introduced at the sidewalk microphone, and later, inside the theater. She is the daughter of Mrs. W. E. WOMAN DIES OF
HEART ATTACK

ORANGE, Jan. 17.—Taken ill while she was preparing an out of door breakfast with her family at Irvine Park yesterday, Mrs. Jennie Saries, 57 of Harbor City, passed away in a car at the Union Oil station, East Chapman avenue and Grand street, when she was brought here from the park for medical aid.

In the car with her was her daughter, Mrs. Myrtle Viceroy, who had stopped at the service station to locate a physician. Mrs. Saries, who suffered a heart attack at the park, had another seizure on her way to Orange.

Dr. J. S. Crawford was called and pronounced her dead. The body was taken to the Gilgolly chapel. Funeral arrangements have not been completed.

Surviving are three daughters, Mrs. Viceroy and Mrs. Dorothy Moore, of Harbor City, and Mrs. Mabel Dotson, of Eureka; two sons, Everett Saries, of Tijuana, and Wesley Saries, of North Bend, Wash.

C. E. GROUP MEETS

ORANGE, Jan. 17.—Portions of the sixth chapter of Luke were topics for discussion at the second meeting of the newly formed Alumni Christian Endeavor society of the Orange Presbyterian church Sunday night. Miss Edith Culter led the meeting. Mrs. Charles Harper offered a solo, "Jesus Cares," accompanied by Mrs. Walter Lovell.

Our Children

By ANGELO PATRI

MORNING TASKS

A good beginning insures a good ending, for the end of anything is always set in its beginnings. That is why a child ought to begin the day in a way that will give him that good start which insures the good day.

School children ought to rise early enough to get their morning duties done without hurry, and with thoroughness. The first tasks are those of personal care. Bathing, dressing, thorough grooming are duties to be taken seriously. No skipping.

This done, every child ought to leave his room in shape for the day's cleaning. The windows opened wide, the bed clothing shaken out for airing, all clothes hung or folded and put where they belong. A child's room should be his morning chore.

It does not take long to hang up a pair of pajamas, to put a wad of paper handkerchiefs in the waste basket, to put away a pair of slippers or a bathrobe. It takes very little time to attend to airing the bed. But it makes a world of difference to those who come to arrange the room for the day.

Apart from that, a child needs the feeling of a duty well performed, first thing in the morning. If he has the opportunity of performing usefully and well his good start is sure, his day promising. It he starts off with the messy feeling that hastily brushed hair, carelessly tied shoes, half-cleaned nails, untidy room leave with him, he is starting with a heavy handicap. The promise of his day is not bright.

Sometimes mothers say, "I'd rather get them out and do the things myself." That means that the household routine has not been well set. If it were the children would each have a duty to perform, and its performance would make their mother's work lighter and her day happier. If children are trained to do their morning chores, right from the start, mornings will be very much easier for their mothers.

This first hour is trying for the

mother who has to go through with it. She works to the limit of her nervous energy as she counsels, commands, praises, helps and serves. After the door closes on the last one she should let the house rest and do the same for herself. A half-hour of quiet after the storm of the morning start will make the rest of the day easier.

The work the children do is not important to the household routine as work. The mother, who says she could do it in half the time

with one-tenth the bother, is about right. But the habit of morning routine, the establishment of morning duties well performed, is of chief importance to the character growth of the children.

Mr. Patri will give personal attention to inquiries from parents and school teachers on the care and development of children. Write him in care of this paper, enclosing a three cent stamped, self-addressed envelope for reply. (Copyright, 1935, The Bell Synd., Inc.)

DRIVE CAREFULLY -SAVE A LIFE-

A "PROLIFIC PROMISE"

After reading the publicity announcement of Z. S. Leymel as a candidate for governor of California on the Republican ticket, one comes to the conclusion that he believes the intelligence of the voters extremely low to believe the contradictory statements made in his announcement.

In the first place, he contends that he will reduce taxes, etc., and then makes a bid for extravagance to buy votes in every other way.

MODERN DAY HEROES

The days of courage and heroism are far from gone. There is no better evidence of that fact than the recent rescue of 15 men who had spent 39 almost foodless days in the wilds of Canada.

Once in a while we are apt to get the idea that our vaunted civilization has softened the race; that there's no longer any adventure and no one to accept it if it came.

It is pleasant when something like the Ontario episode proves us wrong.

Certainly the saga of the Arctic holds no better example of courage than that of those 15 men, fighting death for weeks, maintaining strictest discipline while eating even the bones and entrails of the few animals they could kill. Rescued, fed and warmed, they were eager to go back and finish their surveying job.

And is the heroism of the rescuers any less because they accomplished their mission in airplanes instead of on snowshoes or dog sleds? They were in imminent risk of their lives every foot they flew over those frozen wastes where one slip meant death.

Yes, courage and heroism are still with us.

WILL CHINA SURVIVE?

Reading the swift-flashing news from China as hundreds of thousands of square miles of the good earth pass behind the advancing Japanese lines, one wonders what will be China's fate? Whether, in a few years more, there will be any China?

We look with shorter sight than the Chinese themselves. Read these beautiful lines of Lin Yutang, written, it is true, before the present invasion, but still wise and thoughtful. Lin compares China to a wise old dog, whose dignity and cunning enable him to survive indignities and defeats.

"Whatever happens, her placid life flows on unperturbed, insensible to pain and to misery, impervious to shame and to ambition—the little human emotions that agitate young breasts—and undaunted even by the threat of immediate ruin and collapse for the last two centuries. Success and failure have failed to touch her; calamities and death have lost their sting; and the overshadowing of her national life for a few centuries has ceased to have any meaning."

In fighting, even conquering, such a foe, Japan may swallow, but she will find digestion difficult.

CURE FOR HIT RUN DRIVERS

A prime example of the manner in which a man may make a snap decision, influenced by fear, and regret it the rest of his life occurred recently.

About 8:30 one evening, the unconscious form of a 24-year-old woman was found lying in the middle of a residential street in a nearby city. The motorist who struck her apparently had stopped to investigate, then, in sudden panic, had fled the scene.

Next morning the local newspaper received a postcard, on which had been printed these words in crude letters:

"Dear Sir: Please print in your letter column and tell me what will happen to me. Last night I accidentally run down a lady it wasn't my fault. I got a family to feed and got a job last week. I can't lose it. I got to know what happened. She screamed awful. I been wandering three hours."

The man who wrote that letter could have picked up the limp body of that girl, taken her to a hospital and reported to police with his explanation.

But he didn't. He had only a few seconds in which to decide a course of action. Blinded by panic, he ran away.

Now he is a fugitive criminal. Unless he surrenders he will be haunted by aching fear to the end of his life. The fact that the accident may have been unavoidable means nothing to him now. He broke the law by leaving the scene.

The newspaper and police officials published appeals to the driver to "step forward and be a man." They pointed out that the girl would recover and said they would listen sympathetically to his story. But to date he has not made known his identity.

The lesson to be learned is, of course, that every person should prepare himself for just such an emergency by determining in advance to do the manly and decent thing in case of accident. Humans cannot always trust themselves to make correct decisions on a split second's notice.

How much better for this man if he had decided long ago that if he ever became involved in such an accident, he would scorn flight, render all possible assistance, and keep his conscience clear by facing the music like a man.

Americans have been all too prone, in the last couple of decades, to try to "beat the rap" every time they got into trouble, whether it be a parking violation or murder. Isn't it about time citizens took on another cargo of common decency and honesty?

Sharing the Comforts Of Life

By R. C. Hoiles

IS THIS A WISE ASPIRATION?

On the front page of the paper today, we print a quotation from "Red" Rugs, as follows:

"Finally, plans which will help to distribute the national income among the people so that every man, woman and child in America can have at least the comfortable standard of living which the great wealth of the nation now makes possible."

This is a revolutionary aspiration for our government, as contrasted with the Declaration of Independence which says that all men are endowed by their Creator with certain inalienable rights, among these, life, liberty and the PURSUIT of happiness. The Preamble and the Constitution never attempted to guarantee happiness or comfort.

This is also entirely out of harmony with the principles of Christianity. It will be remembered when the woman with the alabaster box of precious ointment poured the oil on Jesus' head, the disciples protested, "To what purpose is this waste?" and Jesus replied, "For ye have the poor always with you."

But now we seem to believe that it is the aspiration of the people of the United States to attempt to guarantee even the lowest among us with a good standard of living whether they produce it or not.

If those people who understand biology and the nature of man can explain how they can get people to work and produce if they are guaranteed a good standard of living, then the first step in the operation would have been accomplished but not one has ever yet been able to demonstrate that man would actually work and produce if there were no hope and expectancy of a reward. Then to guarantee all, whether they produce or not, a comfortable standard of living, is contrary to biology, contrary to nature, contrary to life.

It is violating the very first principle of life. As we have explained many times before, things must be pleasant and agreeable that are good for life so they will be repeated and unpleasant if they are not good for life so they will not be repeated. So any attempt to make it pleasant and comfortable for those who do not produce would result in greatly reducing production and, thus, lowering the standard of living of the great middle class of people who are obliged to receive lower wages because of the tax imposed on capital to support those who do not earn their way.

This principle is undermining the very foundation of our government and of our society. We defy the social science committee to point out any place in the Rugs books were the opposite theories to this pernicious doctrine is present. We have had five years of these utopias and we still have one man out of five out of work and people living on a much lower standard of life than they did before we adopted this socialistic dream of theoretical educators. It is not Christianity. It is not humanitarianism. Because it means more suffering and more poverty. It is just a careless way of miseducating our children.

TAXING LARGE FAMILIES

It has been invariably drummed into the teachers and the children and the voters that our so-called free education is a benefit to large families, that the discriminatory tax—that is, the co-called taxing in proportion to ability to pay—is necessary so as to give what is called free education to the working man with a large family.

Instead of the present taxing system benefitting the large families, it is in reality the worst form of tax on the man with a large family. We might say that the present tax system is a tax on large families. It is a tax on the large families because it in reality is a tax on consumption without any allowance being made for the cost of the wasteful consumption of luxuries—over-necessary consumption. This makes the necessities of life scarce for the man with a large family. This makes the cost of things high for the man with a large family so that in reality the man with the large family is paying a much larger fraction of what he would consume to support the government than the rich do, or more than he would if we had a tax system based on what the poor man with a large family actually costs society.

How To Do This

The way to tax the poor man with a large family is to base the tax on what each individual in the family costs the government for the government to give protection.

This would mean that the man with a family of three children, if the family as a whole consumed \$1000, would pay much less tax than a childless couple, or a single man would pay, who consumed \$1000. But under the ability to pay theory, by lack of jobs and by low wages he pays infinitely more because it is always necessary for him to consume nearly all if not all his income and the tax, in the final analysis, is always passed on to the consumer, directly or indirectly.

Since our educators have been kidding the people that they had free education, the birth rate has rapidly declined and the rate of increase in production has declined and we have had eight years of the worst depression in our history.

It is time we stopped taxing people for having children!

JUST WORDS

When people holding such important positions as Secretary of the Treasury Morgenthau gives such silly answers to the cause of the business recession, there is little hope for us getting out of our trouble.

He says, "Seasonal influences and excessive inventories are the two factors."

We have always had seasonal influences, but the question is: Why the excessive inventories? What society wants to know is the first cause—the primary cause—the only cause for the excessive inventories.

It can be boiled down to one cause; namely, violating the fundamental principle that the Universal Rule is the Golden Rule; in other words, discriminatory legislation and customs.

Under The Spot Light

General Hugh S. JOHNSON Says

WASHINGTON, D. C. — The pleasant conference between the President and the big shot industrialists is a step in the right direction.

The three of the five who are known to me—Weir, Sloan and Chester, are all men of good will and I am told the same is true about the others. In other words, there is no shadow-boxing about this visit so far as they are concerned.

It is not generally known but it is literally true that, back in 1933, there was no one in all industry more sincerely in line with the President's social objectives than Mr. Weir—certainly no one in the steel industry.

It was a series of misunderstandings and errors that put him out in front in his fight with the Labor Board. In hearings before the first Labor Board, presided over by Senator Wagner, Mr. Weir's people appeared in a perfectly cooperative attitude and rules for a labor election were worked out. On the eve of the election, and when there was no time to change, a subordinate of the Board presented the National Steel company with a set of rules inconsistent with those agreed upon with the board. Mr. Weir declined to change, held his election, and then the Board disapproved it. The fat was in the fire. A fight started that is still going on.

But even that record has not changed Mr. Weir's eagerness to cooperate with his government in this war on depression—as he did in 1933. N. R. A. in the beginning, had no more sincere supporters than Mr. Weir and Mr. Sloan. It is refreshing to see these five men back at least offering to play ball.

It is an encouraging start, but it is no more than a start. The way ahead is long and hard and the problem is full of prickles.

In the first place, after all, these are just five individuals. They do not even represent five industries. It is clear that no program has yet been discussed—just generalities. The great questions remain. (1)—

can some program of cooperation be worked out in which these men and government can agree? (2)—if so, can these bell-wethers get enough prima donnas to support whatever is agreed?

That sounds simple but in practice it will prove to be one of the most difficult of jobs. The first difficulty is that business has no responsible organization—not even big business. It is a kind of community of individual economic stars with all the pride, if not all the jealousy, of the Hollywood variety. The President's conference will have the neat little job of tact and diplomacy of keeping all those ruffled feelings smoothed out and at the same time leading the hitherto unled leaders on some new but predestined path of peace.

On the other side, as soon as the President begins to play footie-foote with the table with these lately regained friends, all the professional business mistrusters among his retainers will begin jumping up and down along the waiting wall shrieking in anguish that he is letting the people down. The business barons will have to recognize all the time that the President has a political problem, just as the President should constantly keep in mind that they have no organization plus prima donna trouble.

There must be neither trading nor threats in this new effort—no "we'll do this, if you'll do that," or "if you don't so-and-so, we will (or we won't) do such-and-such." Just one such mishandling of the ball and the whole mess of warmed-over bores, who are a hard job but it's not an impossible job, And the President, plus the particular men who made the start, are about the best equipped people in the country to do it.

(The articles under the Clearing House are published for the purpose of an exchange of ideas and this newspaper. Contributors are urged to confine their articles to 300 words.)

Editor Register: Those who failed to hear Mr. Cogswell of San Bernardino, California, speak at the Legion Hall missed a wonderful opportunity for enlightenment on the most absorbing economic question before the American people of today. It was pointed out that when the Townsend plan becomes a law of our land, all receiving an annuity under its provisions will be the agents of our government in increasing our buying power and thus restore prosperity to our nation. In the course of his remarks he stated that business men would be willing to give 5 percent for the sales of their wares, and why should they hesitate to get behind a movement that for only 2 percent will increase their business beyond their wildest dreams?

The speaker asked of those present how many would have new furniture in their homes if the money

was provided to make it possible. Nearly one half the audience said they would. He then asked how many would have dental work done if they were receiving the Townsend annuity and the response was the same. And it would be the same in all lines of business. The important thing is to get people to investigate, for those who do so with an unprejudiced mind, (with very few exceptions) are convinced that the Townsend plan is their plan and everybody's plan, and the best plan before the American people of today to cure our economic ills.

J. L. NELSON,
Huntington Beach, Calif.

Editor, Register: Colonel Knox in his radio speech a few nights ago came out with the glad news that he has just discovered it was the Republicans who elected Roose-

velt and not the Democrats. Let us hope that all the rest of the bell sheep were listening in.

Mr. Hoover who always has criticized Roosevelt for passing the pie to the wrong end of the table got excited in his last radio speech and said the pie is all right only it isn't big enough.

It begins to look like we are getting some place now in reorganizing the old party.

One trouble is we have outgrown the Republican cradle we were rocked in. And the old lullabies which once soothed our weary eyes to sleep now fail to ease our troubled minds.

Plain criticism never has changed men's ideas on religion or politics. It takes a definite formula of some kind or other.

And now while everyone doesn't seem to be pleased with the new walking boss it does begin to look like the old party is going to wake up and start doing things.

CHARLES E. MORRIS.

We, The People

By JAY FRANKLIN

WASHINGTON, D. C.—Andrew Jackson won the Battle of New Orleans on Jan. 8, 1815. As patron saint of the "unfettered Democracy," the anniversary of his victory over the British has long supplied a convenient springboard for party oratory. Now that the "Lame-Duck" amendment opens Congress early in January, what was a simple partisan festival has become a major element in Democratic strategy.

Here is how it works: The Jan. 3 opening of Congress and the President's message will always come just before Jackson Day. When the Democrats are in office, as at present, this will let them stage an uninterrupted publicity campaign on a nation-wide scale. If the Republicans get back in power, the Democrats will always have the last word. (It is too early to guess whether the President's Birthday—Jan. 30—with its nationwide dinners devoted to the honorable social purpose of raising funds to fight infantile paralysis, may develop into a similar follow-up on the new inauguration day of Jan. 20.)

It's hard to escape the conclusion that, in a nation ruled by public opinion, the New Dealers have gained a permanent publicity advantage. They seem to have guaranteed to themselves the last word and the last laugh as well.

This year, Mr. Roosevelt's Jackson Day speech dovetailed into the grand strategy of the administration's "Terror offensive" against the economic autocrats. The battle opened during Christmas week, with the surprise barrage of Bob Jackson and Harold Lokes. Their criticism of monopoly was so hot that when the President's vigorous and radical message to Congress failed to urge that all big businessmen should be scalped and then burned at the stake, it was hailed as "conciliation" by the Tories.

On Jackson Day, Mr. Roosevelt did what a wise general always does: he offered his foes a safe line of retreat. He repeated that it is only a small and unnamed minority who are responsible for the evils and abuses of power which have caused the depression. He hinted that a goodly number of Tory deserters have recently been coming over to the New Deal camp. He promised that the White House door will always

BRACES AND ORTHOPEDIC SURGERY HELP PARALYSIS VICTIMS USE LIMBS AGAIN

This is the third and last of a series of articles in which Dr. Fishbein discusses treatments for infantile paralysis.

It is important during the period of rehabilitation of patients who have recovered from infantile paralysis that suitable braces and splints be applied to keep the tissues in the most favorable position for complete recovery.

Dr. Frank Ober points out that if a patient has one good hand, a good arm and good back muscles, he can be taught to get out of a chair, to walk and to go up and down stairs. These activities enable him to have a certain amount of independence.

In the third stage of recovery from infantile paralysis, everything is done to improve the strength and functioning of the muscles. This stage is usually calculated as about two years after infection with the disease.

At this stage also it is customary to consider various new operations, such as transplanting tendons, changing joints, and other rehabilitative orthopedic surgery that may help greatly toward usefulness.

Above all, it is important to warn against all sorts of quacks and quack institutions which endeavor to thrive by exploitation of the crippled.

There appears to be some indication that infantile paralysis is

increasing. No one knows where infantile paralysis will strike next in epidemic form. But scientists are working to find a means of prevention and of control.

In some parts of the country facilities are still lacking for suitable care of the crippled child after the infection has passed. In many large cities, there are curative workshops which give opportunity to the crippled to earn a living. In most of the country, however, such facilities are not available.

This year the proceeds from the celebration of the President's birthday will be used to establish a national foundation to build a four-way attack against this disease.

In that attack, the first battalion will be scientific research into the nature of the organism, its method of infection, early diagnosis of the disease, and possible methods of prevention.

The second battalion will be concerned with steps to be taken when epidemics threaten.

The third will be engaged in education, telling parents and doctors how to take care of the sick and how to prevent crooked backs, curvature of the spine, twisted bodies and contracted limbs.

The fourth battalion will give it money and its attention to hospitals, to clinics and to curative workshops for the immediate restoration of human wreckage.

News Behind the News

By PAUL MALLON

World Copyright 1938 by King Features Syndicate, Inc.

WASHINGTON, Jan. 17.—Smart southpaws and laborers' unleashed the under-force which has brought these labor-business cooperating ventures to Mr. Roosevelt's desk lately.

Left wing thinkers, in the non-political class, are coming around to a new line of thought. They have discovered, in practical reality, labor, is the main sufferer in the present depressed situation while the politicians and business are arguing who started it, whether capital is on strike, whether business is cutting off its nose to spite Mr. R.'s face, etc., etc.

They have noticed capital can afford to wait. It has reserves, but labor, out of a job, seems to be inclined now to look on politics and reforms as secondary considerations. Bread and butter comes before the big picture.

This is the explanation of John Lewis of CIO and Thomas L. Blanton of Morgans, among others, to the President's office. You can see the idea more distinctly in the fact that their conference was arranged by LaGuardia's financial advisor, Prof. Berle and ex-Prof. Tugwell who was too strong even for Mr. Roosevelt a few months ago. And you may recollect it was a railroad labor leader, George Harrison, who brought the big five industrialists to the White House for an earlier conference.

A further key to understanding these unprecedented moves is afforded by a realistic analysis of the underlying business situation. Some improvement has been noted in the stock market, but the financial mart is probably just readjusting its viewpoint from a too-deep pessimism in December.

The way a good impartial administration eye sees it, prices have not sloughed off enough yet, and labor costs have not sloughed off at all. Contracts made by Mr. Lewis on a much higher price level months ago have not been readjusted to the lower level. This must be done before business can get started.

One way to get labor costs down is not to give labor anything to do. For this reason rehiring may prove to be slower than otherwise, unless a common understanding is reached.

The President's threat to abolish all holding companies was not voluntarily offered. It was squeezed out of him by sharp questioning at a press conference.

Those who advise the President on that particular subject thought there was little new in it. For two years it has been generally known (to them, at least) that the President did not like holding companies of any character

beyond the second degree. Treasury Secretary Morgenthau has been a half-open advocate of destroying them by taxation.

These advisors thought the President was just "thinking out loud again."

They did not like it very much. Only practical result, they say, will be to stiffen the opposition, to expand this opposition to all holding companies—prematurely if not needlessly from the President's standpoint because he is not ready with any further plan.

How Jim Farley keeps smiling in the face of the Robert Jackson move for the New York governorship and the 1940 presidential nomination is something political observers cannot easily understand. The Jim was a candidate for both jobs himself.

Two inside answers are available to that one. General "Stone-throw" Jackson really seems to stand much higher at the White House than with the New York state leaders who are expected to nominate him for the governorship or the national leaders who are to nominate him for the presidency—maybe. The national leadership think that many other fair-haired candidates will be crowned with White House blessings before the real one emerges. The state leaders indicated what they think by applauding Mr. Jackson's Jackson Day (Andrew's not Robert's) with nothing more than politeness required, while the

rose up to beat their palms together for the following speaker, state attorney general Bennett.

For another thing, the Farley gubernatorial-presidential antenna has been high for months. Some long-wave encouragement has been received from party cohorts, but nary a bit of short wave indication has come from the White House. Furthermore, the New York boys are reported starting for jobs and Farley has no manna at hand, or at least, has not used any lately.

Few will hazard a guess how it will work out.

The house rank and file has been howling that the item veto amendment was put over when no one was looking. Truth seems to be that after the amendment was enacted a good many members changed their minds about it. What they are really afraid of is that the President will pare out their pet appropriations for their home districts and let only his own pet appropriations stand. The secret vote of the house appropriations committee repudiating the woodrum amendment was not given out but it was 20 to 13.

That amendment will never get through.

cal folklore, it is interesting to note that, according to the President's speech, the New Dealers have stolen Abe Lincoln and Teddy Roosevelt from the G.O.P. and have added these two Republican heroes to the growing list of Democratic Saints. It only remains to substitute the Battle Hymn of the Republic for "Happy Days Are Here Again" and the nearest second-story job in our political history will have been completed without leaving a single finger-print!
